### Vote Of Confidence Won By Churchill

Conservatives Easily Defeat Labor Motion In Commons By 313-279 Vote; Margin Of 34

LONDON (AP)—Prime Minister Churchill's Conservatives Tuesday night easily defeated a Labor motion of non-confidence in his Conservative government. It was the first test of strength in the new session of Parliament.

The division was 313 to 279—a margin of 34 votes for the Conservatives. The Conservatives have a normal margin of only 16 seats in the 625-member House of Commons.

In presenting the challenge Monday, former Foreign Secretary Herbert Morrison had charged the government lacked a strong enough economic policy to withstand the shocks of a possible "world slump."

The Labor motion was to amend the traditional address thanking Queen Elizabeth II for outlining government policy in her first "speech from the throne" Nov. 4.

That speech, prepared by the government, gave notice that in coming months the Conservatives intend to de-nationalize the trucking and steel industries.

The week-long debate stirred up little excitement, and was conducted on such general lines that it attracted little attention even in the London newspapers.

In attacking the government, Morrison said the level of U.S. aid in the past had been a matter of uncertainty and would be uncertain in the future.

There is to be a new administration in the United States, he said, and "they may have different policies and there might be economic difficulties there."

Winding up the government reply, Capt. Harry Crookshank said the Laborites had made no aggressive attack on the government and were "not really serious" in their no-confidence motion.

### Lincoln's Revised Speed Limits Take Effect Wednesday

The city's new speed laws, 25, 30 and 35 miles per hour, are effective Wednesday.

The limits establish a 25 mile speed on most streets, 30 miles on arterials and 35 on parts of some arterials.

The 35 miles per hour zones are: 48th, O to Holdrege; O 3rd to the west city limits; O 28th to the east city limits; 10th, South St. to the south city limits; 10th, Claremont to the north city limits; Oak, 10th to the west city limits; Highway 77, Oak to 10th to 14th.

**Katyn Massacre—**

# Evidence Withheld—Jackson

**'Data Against Reds Not Offered At War Trial'**

WASHINGTON (AP)—The chief prosecutor at the Nuremberg war crime trials, Supreme Court Justice Robert H. Jackson, testified Tuesday American authorities did not provide him with existing evidence that the Russians were responsible for the Katyn Forest massacre.

Jackson appeared voluntarily before a congressional committee which has accused the Communists of slaughtering 15,000 Polish officers and intellectuals during World War II and dumping their bodies in pits dug in a wilderness in Russia.

Several times during Tuesday's hearing Jackson denied that the U. S. prosecuting staff at Nuremberg had tried to assist Soviet authorities in pinning the atrocity on Nazi Germany.

But even if evidence of Soviet guilt had been produced, he said, the Russians could not have been convicted because "they had not even been indicted."

Russia was a member of the Allied tribunal at Nuremberg which tried the German war criminals in 1946. The Russians succeeded in getting Germany charged with the massacre. A brief hearing was held, but the case was not pressed and no convictions were obtained.

"We did not learn of any usable evidence in American possession," Jackson testified.

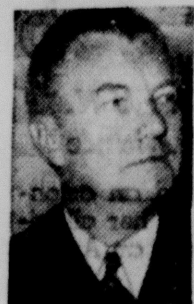

He told the special House committee that at no time during the trials did he know of reports by Col. John H. Van Vliet Jr., or two other American officers, who had told Washington officials that Russia was responsible for Katyn.

While Van Vliet was a prisoner of war in the hands of the Germans in 1943 he was taken to inspect the mass graves in Katyn, outside Smolensk. The territory then was held by the Nazis. Van Vliet submitted a report to the Pentagon in May, 1945, concluding that the Communists had committed the murders.

The investigators have developed "top secret" and then disappeared.

As conducted by the House committee under Chairman Madden (D-Ind.), the Katyn investigation has had two phases.

The first was completed when

The committee declared that the Russians committed the atrocity to prepare the way for Communist domination of Poland after the war. Many of Poland's national leaders were in the hands of the Soviets at the time.

Now the investigators want to determine whether American authorities suppressed evidence of Russian responsibility to, as Madden put it, avoid disrupting American-Russian relations during the war and at the time of the Yalta agreement.

The committee has expressed a determination to find out if there was "any collusion by American authorities to cleanse the Soviets of any guilt for this hideous crime."

**Funeral Services For Don McMaster Held In California**

Funeral services for Don Briggman McMaster, 62, former Lincoln resident, have been held in Pomona, Calif., where he had lived for over 20 years.

Born at Pawnee City, Neb., Mr. McMaster attended the University of Nebraska college of engineering and was a member of Alpha Tau Omega fraternity. He was an outstanding pole vaulter on the University track team.

Survivors include five brothers, Wilton and Arthur, both of Lincoln, Frank of Fort Worth, Tex., Clarence E. of Burlingame, Calif., and Chet S. of Rhame, N. D.

Burial was in Pomona.

**Watch Stolen**

A wrist watch estimated at \$60 belonging to Frank Robinson, 5618 Morrill, was stolen between 12 and 1 p.m. Monday from the Northeast High School gym dressing room.

**Used Jointly**

The city car now used by the city building superintendent will be used jointly by that department and the city assessor and purchasing agent. That will eliminate the \$20 a month payment to the purchasing agent for the use of his own car.

Of three cars in the engineering department, two will be eliminated leaving one car for the Water Department bill collector, the Water Department customer solicitor and the city electrical engineer.

One of the two cars eliminated from the engineering department will be used by the city sidewalk inspector who gets paid 8 cents per mile on driving his own car.

In cases of emergency, the committee recommended the Police Department be called upon to furnish a cruiser car for transportation.

**Funeral Services For Fred Sothan Set For Thursday**

Funeral services for Fred L. Sothan, former Lincoln resident, will be held Thursday in Long Beach, Calif., where he died Sunday. Burial will also be at Long Beach.

A resident of Lincoln for about two years, Mr. Sothan moved to California over 15 years ago. He was a veteran of World War I. Survivors include his wife, Leota; three sons; four sisters, Mrs. Ellen Laufman of Montrose, S. D., Mrs. Anna Ethelm of Lincoln, Mrs. Lydia Crawford of Beatrice, and Mrs. Viola Ziemann of Hickman, and a brother, W. H. Sothan of Fresno, Calif.

# Little Hope Is Held For Eden Plan

**Vishinsky Grimly Silent As Four Points Outlined**

UNITED NATIONS, N. Y. (AP)—Anthony Eden offered Andrei Y. Vishinsky a four-point plan Tuesday for settling the prisoner of war deadlock in Korea. He appealed to the Soviet foreign minister to take "one crucial step" toward a final settlement and accept the British idea.

Vishinsky sat grimly silent in the U. N. Assembly as the British foreign secretary spoke and there was little hope in Western circles that the Russian would take the one step.

A United States spokesman said his delegation felt Vishinsky's long speech Monday in the Political Committee was as "close to closing the door as you can come without saying so."

**'Already Said No'**

"It seems to us that Mr. Eden is saying Mr. Vishinsky has said 'no' but we hope he doesn't mean it," the spokesman added.

Vishinsky insisted Monday that all prisoners must be repatriated. Eden paid close attention. Tuesday he told the Assembly he does not despair of agreement. He outlined his set of principles as follows:

"First: That every prisoner of war has the right, on the conclusion of an armistice, to be released.

"Second: That every prisoner of war has the right to be speedily repatriated.

"No Force

"Third: That there is a duty on the detaining side to provide facilities for such repatriation.

"Fourth: That the detaining side has no right to use force in connection with the disposal of prisoners of war.

"In other words, after an armistice a prisoner of war may not be either forcibly detained or forcibly repatriated."

Eden said that Vishinsky's proposal for a commission to end the Korean War and for repatriation of all prisoners of war "is of no help over the present difficulty."

**Nebraska Ends October With All Of State Tax Funds Gone**

By ARCH DONOVAN  
Star Staff Writer

If all outstanding warrants were presented for payment, the state's general fund would be in the "red," the October statement of Treasurer Frank Heintze reveals.

Tax funds have been completely exhausted notwithstanding that Gov. Val Peterson had urged all departments to operate on 5 per cent less than appropriations.

Bulk of the \$51,052,868 shown in the state treasury is in federal funds, trust funds and cash funds which can be reappropriated by the next Legislature.

The general fund shows a balance of \$170,660 while warrants outstanding amount to \$745,144. The difference of \$574,484 will have to be made up from new tax collections.

**Farm Bureau Head Mentioned As Possibility For Ag Secretary**

Allen B. Kline, president of the American Farm Bureau Federation and attacker of the Brannan Farm plan, has at least one backer for possible choice of President-elect Dwight Eisenhower as secretary of agriculture.

Harry B. Coffey, president of the Union Stockyards in Omaha, told Nebraska state bankers as they closed their 55th annual convention here that "Allen Kline would make a good secretary of agriculture."

Earlier W. Harold Brenton, president of the American Bankers Association, said he favored Kline's program of a sliding scale for farm support prices. Brenton said he was opposed to a subsidy program, meaning the permanent 90 per cent of parity supports, but said he didn't know what the new administration would do.

**Panel Meeting**

The final session of the state meeting of the bankers, who established a record attendance of 1,163 this year, was in panel form with Coffey acting as moderator. Panel members were: Byron Demorest, editor of the Omaha Daily Journal-Stockman; Lawrence Brock, cattleman from Wakefield, and Irwin Adamson, Cody rancher.

Discussing the outlook for the cattle industry, the panel concluded that cattle raising still costs a lot of money, that it's a good idea to invest in calves and not be stuck with heavy beef, and that if feeders plan to feed next summer, "it would be wise to buy your cattle this fall."

One of the bolder members of the group, Cattleman Brock said he didn't look for too much of a drop in beef prices in the coming year. He predicted, allowing for

as the state's cash balance on Oct. 31, against which there is \$2,415,620 in outstanding warrants, is in the miscellaneous cash fund. In this fund there is \$6,538,184 after the outstanding warrants are paid.

The highway fund has a balance of \$1,202,076 after warrants are paid and warrants have been drawn on the entire \$163,793 shown in the gas tax agricultural refunds. The state institutions cash fund has \$1,329,064 after outstanding warrants are paid.

The federal contribution to state assistance shows a balance of \$1,394,531 after warrants already written are paid.

The state during October had total receipts of \$8,649,091 and paid warrants amounting to \$9,786,742 with \$2,873,655 in warrants outstanding.

unforeseen developments, that by March the price of good grade steers will be around 27 or 28 cents. By June, Brock said, the price should be about 31 cents for prime beef and 28 cents for choice.

Adamson, owner of a 15,000 acre ranch in the Sandhills, advised the bankers to urge farmer creditors to investigate the possibility of using silage for feed.

Market Analyst Demorest, looking to the future of the cattle market, recommended to feeders that when marketing their herds, they transact their sales—and do their buying also—through central markets rather than sale rings and auction centers. Demorest said the cost of doing business in the central markets is far less and more reliable in the long run.

The panel members agreed that the bigger steers in the feed lot are a losing proposition, and that raising calves is more flexible for a spread out marketing.

Motorcycle Officer Lowell Sellmeyer left his motorcycle parked at 1235 Fall Creek Road while on an investigation Tuesday evening, then returned to find the front wheel cable and the aerial broken. Two flashlight batteries were also missing.

Total damage was estimated at \$10.

# Low Income Home Need Is Stressed

The need for more housing in Lincoln for lower income groups was stressed by Mrs. O. L. Webb leader on a public housing discussion before the YM-YW public affairs committee at the YWCA Tuesday night.

Mrs. Webb also reviewed the Bartholomew report. Assisting the discussion were co-chairmen Annie Laurie Smith and Rod Otto.

Sponsoring the bi-monthly meeting of the committee are YWCA Program Director Dorothy Green and YWCA Director Merwin Rector.

# City Beer, Liquor Dealers Promise To Aid In Crack-Down

Lincoln beer and liquor dealers have pledged their cooperation in the city's efforts to crack down on minors violating the liquor laws.

Following introduction of an ordinance to the City Council increasing fines from \$50 to \$100 for violation of the minor regulation, Mayor Victor E. Anderson held a meeting with representatives of the beer and liquor dealers.

The dealers, through their attorneys, said Anderson, promised 100 per cent cooperation with the city.

# One Magnificent Job

Far-sighted decision of a Nebraska legislature to set up a 10-year long-range building program for the institutions under the Nebraska State Board of Control, the University of Nebraska and the normal schools embodied more wisdom than even its authors realized.

That carefully fashioned building plan, not complete yet but nevertheless well-advanced, has worked wonders without imposing hardship upon any Nebraska taxpayer. We had lagged sadly in this state, putting off doing what should be done although part of the time, at least, there was a very excellent justification for delay in the stringent financial condition which confronted Nebraska people. The mental hospitals particularly were overcrowded, inadequate to take care of scores badly needing attention, and many of the buildings in use had long before outlived their real usefulness. They were old, unsanitary, and worst of all, some of them presented real fire hazards.

To meet this situation, the 1947 legislature, in a remarkable demonstration of unanimity growing out of the conviction, that the need had become so great that action was demanded, adopted a special mill levy to be apportioned throughout the 10-year period between the Board of Control, the State University and the normals. By amendment, Sen. John McKnight succeeded in securing approval for an additional tenth of a mill to supply National Guard units in this state with facilities. The job is not done but has progressed to a point where it can be said the agencies participating in the funds from this special levy no longer are confronted with the serious emergency that existed.

The program initiated by the State Board of Control is an excellent illustration. Its most serious problem related to the plant facilities of the mental hospitals—at Lincoln, Norfolk and Hastings, with a separate institution for youth at Beatrice. One fine building housing patients has been completed at Lincoln, two smaller structures at Beatrice, two at Hastings and a much more pretentious one at Norfolk. Equally important, some of the older buildings, badly in need of renovation to bring them up to modern standards, have undergone the necessary altera-

tions. While requirements still are unfulfilled, at no time in the history of the state have these mental institutions under the Board of Control possessed better physical plants. We at least can hold our heads up in the knowledge that unfortunate wards are properly housed and are being given the best of care.

At the same time, the Board of Control has kept in mind other types of institutions under its jurisdiction. Thanks to adequate improvement funds, the board has constructed a new packing plant, a laundry and a hay shed at the Men's reformatory. It has under construction at this time a school for the children's home. At Kearney it has built two dormitories. And it is contributing a half million dollars to the new psychiatric building to be constructed on the grounds of the medical college of the University of Nebraska at Omaha, a development needed sadly in the handling of a great many cases that come to the Board of Control's attention.

Other beneficiaries of this special building levy have done equally well. For the first time, the crowded, cramped physical plants, including many obsolete buildings, have been improved infinitely. In a few cases it has been cheaper to demolish the old buildings and to start from the ground up rather than to attempt to repair them. But in all cases where the expenditures of relatively small sums of money served to add several years to the usefulness of a structure, that has been done.

The maximum economy is achieved through long-range building programs. By spreading the burden out, it is possible to avoid a pinching of the taxpayer in any given year or two. Better, the long-range building program permits administrative officials to plan more effectively, to secure a better uniformity in architectural styles and in the choice of materials; and in the instance of several or many buildings, to plan better in arranging them. The time to take care of these needs is in a period of relative prosperity. That is what Nebraska has done and is doing. Its people can look back upon the inspired vision which gave approval to this long-range building program with a great deal of satisfaction. It is one of the more important development steps Nebraska has taken.

# The Editor Who Spoke Out

It was especially fitting that the defeated Democratic candidate for President should be chosen to make the dedication speech honoring the memory of America's first martyr newspaper editor. Gov. Stevenson, making his first public appearance since the election, spoke in stirring fashion of the Rev. Elijah P. Lovejoy, abolitionist editor who was killed by a furious mob at Alton, Ill., on Nov. 1, 1837.

Lovejoy, with a strong religious background, was appalled by the monstrous wickedness of human slavery and he dared to speak out in his newspaper against this evil. The mob—the brute mob which neither reasons nor respects the dignity of man—came to destroy Lovejoy's press. The editor brought in another press, and it too was destroyed. A third time he brought in a press and published his beliefs, but the mob

this time was not to be denied. They shattered the press and shot down Lovejoy in cold blood. Gov. Stevenson excellently summed up Lovejoy's ultimate victory:

"The measure of Lovejoy's triumph is to be found in the fact that only a quarter of a century was required to establish Lovejoy's idea as the law of the land." And the governor added that Lovejoy served a greater cause than the freedom of slaves, because he also demonstrated "the right and duty of the individual to speak out for the truth."

Lovejoy's memory was honored with a plaque presented by Sigma Delta Chi, national journalistic fraternity. Lovejoy himself achieved a far greater honor when he took unto himself the purpose of fighting for freedom of the press—even if it meant the loss of his life. The mob is gone in Alton, but the memory remains.

# A Daddy For The A's

Before this appears in type, perhaps an "angel" for Lincoln's Athletics will have put in an appearance. If that develops, then the headache baseball enthusiasts developed with announcement that the parent club, the Philadelphia Athletics, were relinquishing the franchise they hold here, will be short-lived.

There is the spirit here to support a first-rate ball club in the Western League. In 1951

it was unfortunate that floods and frequent rains cut in first on the playing schedule and then reduced attendance. We were off to a very poor start in the early part of the season of 1952, but again attendance picked up when the team moved up in the standings.

A new start altogether may be the thing to be desired. One fact can be accepted without reservation. There is enough baseball enthusiasm in Lincoln to support a club.

# When Safety Hits Home

Despite the warnings, urgings and pleadings from a large number of sources, the traffic fatality toll continues to rise. Like the optimistic soldier in war, too many motorists and pedestrians believe that when tragedy strikes, someone else will be the victim.

Out in Tacoma, Wash., however, an incident took place which brought home with great effectiveness the need for personal safety precautions and demonstrated how close to home an awful experience might strike. A radio newscaster, in the line of his regular duties, read the following item:

"A 10-year-old boy died this morning from injuries received yesterday afternoon when his bicycle collided with a car. The boy, Constantine Roumel, was riding his bicycle down the 7th Street hill, carrying another boy, Tom Barr, 8, on the frame.

"At the South 7th and J Streets intersection, Roumel's bicycle entered the arterial, striking the side of a car going north on J Street.

"In the collision, young Roumel was thrown to the pavement, striking his head. He was rushed to Tacoma General Hospital, where he

died of head injuries at 6 this morning. His companion was injured."

Then the newscaster, James Faber of Station KTAC, added with a voice filled with emotion: "The car was driven by Mrs. James Faber."

The news account adds that Faber returned home immediately to console his grief-stricken wife.

## The Lady Resigns

Political upheavals are taking place in other countries as well as in the United States. In Britain, for instance, the Liberal Party has been jolted by the defection of Lady Megan Lloyd-George, who quit her candidacy for Parliament because she believes the party is drifting to the right.

Lady Megan is the daughter of Britain's World War I Prime Minister David Lloyd-George and a leader of the declining Liberal Party in Britain.

# Eisenhower's Korean Trip Worries Pentagon

WASHINGTON — Pentagon planners have held several nervous huddles regarding security for the President-elect on his trip to Korea. They realize that if anything should happen to Gen. Eisenhower on this trip it might prove another Sarajevo.

Less than three months ago, Russian MIGs, based on Tsingtao in North China, shot down a Navy patrol plane while over the Japan Sea. This is approximately the route which Eisenhower's plane will have to take from Japan to Korea.

In the North also, the Russians have MIGs based on Sakhalin, well within range of traffic across the Japan Sea. Furthermore, Soviet planes from Sakhalin have been picked up on radar as far as 53 miles inland over northern Japan.

Considering all these factors, the Air Force has come up with several means of guarding the President-elect on his trip. First, the Eisenhower route can and will be carefully patrolled by Sabre Jets. Second, Eisenhower could be flown at night. These precautions will be taken.

It is regarding the time, date, and other details of his trip, that this columnist urges other newsmen to maintain a complete news blackout.

However, another aspect of the Eisenhower trip is equally worrying. Ike has promised to ride through the streets of Seoul with President Syngman Rhee. And since both North and South Koreans look alike, it would be easy for the Communists to place a fanatic in the crowd willing to make an attempt on Eisenhower's life.

With even the most expert policing, it would be difficult to detect such a fanatic in advance. That is why the trip of the President-elect is so dangerous.

NOTE—It was a trip by Archduke Franz Ferdinand to the Bosnian city of Sarajevo in 1914 where he was killed that touched off World War I. It was also the assassination of King Alexander of Yugoslavia and Premier Barthou of France when riding in a parade through Marseilles that helped pave the way for World War II.

## SECRETARY OF DEFENSE

Gen. Eisenhower is being urged by Bernie Baruch to appoint Charles E. Wilson, former head of General Electric, as secretary of defense. This puts him in a tough spot with his old friend, Sen. Cabot Lodge of Massachusetts, who hitherto was considered a sure bet for the defense post.

Wilson resigned as defense mobilizer during a row with Truman over increased steel wages. In the recent war he was vice chairman of the War Production Board under Roosevelt. As such he has always leaned toward the military, and during the bitter wartime battle when the military wanted to take over civilian controls, Wilson threw his weight against his chief, Donald Nelson, and with the brass hats.

Some businessmen feel that with Wilson as Secretary of Defense, the generals would have too much power; that Army-Navy

orders would gravitate completely to big business, with little business left out in the cold.

## MERRY-GO-ROUND

FDR made it a practice to confer frequently with Bill Green, the late Phil Murray, other labor leaders. This will not happen so much in the GOP. First the Republicans feel no obligation to labor, second Ike doesn't want any suggestions as to who should be his new Secretary of Labor before he's appointed. This job is slated for Harold Stassen, governor of Minnesota, now president of the University of Pennsylvania. Ike doesn't want him black-balled by labor in advance. . . .

It was Stassen who wrote Ike's Labor Day speech. . . . Another reason the new President will do less conferring is that he believes in delegating responsibility, understands labor problems himself. . . . One of Ike's Washington problems is going to be a golf course. He can't play on an ordinary course—too many sightseers, autograph hunters, job hunters. There's a beautiful public course just below the White House run by the national parks, but it's too public. And exclusive Burning Tree is far away. Perhaps the solution is for ex-Ambassador Joe Davies to lend Ike his private golf course only 10 minutes from the White House. . . . Joe and Ike used to be bosom friends—at Potsdam—though they've differed vigorously of late. . . . There hasn't been a golfing President in the White House since Harding. Coolidge fished. Hoover didn't exercise. FDR swam. Truman walks.

## NEW PALACE GUARD

Here is the probable White House staff for the new President—the men who will really administer Washington.

Under some Presidents, this staff can be more important than the cabinet. Around Truman, it was the old cronies, the Vaughans and the Connellys, that bogged him down. Under Eisenhower, the lineup will be about as follows:

Tom Stephens—Secretary of the state Republican party in New York, will be appointment secretary. He is one of Dewey's right-hand men, efficient and fair-minded.

Jim Hagerty—Press relations secretary. Another Dewey man; has been on the Eisenhower train all during the campaign; competent.

Gen. Wilton G. Persons—Closest man to Eisenhower, will be legislative liaison man; handle contacts with Congress.

Robert Cutler—Boston banker, probably adviser on economic matters.

Kevin McCann—President of Deafness College, Ohio, and author of "The Man from Abilene," will write speeches and answer correspondence.

Emmett Hughes—Of Life Magazine, will be the Sam Rosenman of the Eisenhower administration.

These are the men who will be closest to the President, in some cases dominate him. Their views can have terrific impact on the nation.

# U.S. Leaders Stumped By Iranian Oil Problem

WASHINGTON — Shortly before the political campaign took over the national stage, a little drama entitled, "Can We Save Iran?" had been in the headlines. If anyone wonders what happened to Iran, it is still there. But the margin by which that unhappy country is intact and still open to westerners has greatly narrowed. It is another of those more or less desperate problem children waiting on the White House doorstep for the new boss.

While practically everybody was distracted by the loud political noises, a most important meeting was held in the President's office. Present were top-level security advisers, both military and civilian.

They had been called to consider a proposed plan for getting oil production started again in Iran. It was stopped last February when means, of course, that the Iranian government has had no revenue coming in to pay civil servants, police and the Army. The shaky government of weepy Premier Mossadegh is living on the fat accumulated from the past while Mossadegh keeps on insisting that the British can never return to operate the Anglo-Iranian Oil Company.

The plan put forward at the White House meeting was for a half-dozen of the big companies—both British and American—to offer to pool their services and work for the Iranian government. Soundings had already been taken in Teheran and the reaction was been favorable. It appeared that such a pooling arrangement would ease Mossadegh's mind of the overriding fear of domination by one company or one country.

Top Defense Department officials, both civilian and military, were optimistic about this proposal. Even the State Department was moderately hopeful.

But present also was a spokesman for the Department of Justice. The Justice Department, said the spokesman, could not approve the plan since it would be a clear violation of American anti-trust laws, which prohibit what would in effect be a cartel agreement. For the time being at least, this was accepted as a veto.

Department officials were reluctant to accept such a verdict. One of them expressed it this way:

"What you say about the wrongness of cartels may be

## 'A Poet Reports'

To the editor of The Lincoln Star: Please convey my congratulations to Miss Marilyn Kirkeby for her accurate and well-written report of W. H. Auden's address at a University convocation last week. The student reception of Mr. Auden's remarks was gratifying, and we of the University appreciate newspaper support for worthy activities on the campus. We were especially happy to see the excellent editorial in The Star ("A Poet Reports," Nov. 7) the day following Mr. Auden's appearance.

## Wayside Table

To the editor of The Lincoln Star: This summer in a tour of the Olympic Peninsula in the Seattle area, we had occasion to stop for a lunch, close to the shores of Lake Crescent. We found a convenient table in the Roadside Park at Milder Point. It was a never-to-be-forgotten experience. What made it doubly exciting was a finely penciled verse inscribed on a nearby sign. . . .

"A wayside table aptly laid,  
A tree, a lake and lovely shade,  
To stop and rest on summer days,  
They made me love the U. S. A."

It was signed by Bill Conner of White Rock, B. C. Such international social amenities deserve recognition and I am using this way to let others know.

## Point Made Clear

To the editor of The Lincoln Star: According to Ed Murrow's broadcast, Vishinsky based his rejection of the Allies' armistice terms on the proposition that "No soldier has a free will" but is bound to carry out the will of his superior. We must remind Mr. Vishinsky that he has already agreed these soldiers are "volunteers" pure and simple; no one volunteers except through his own will. These volunteers, he has agreed, acted from no order from their superior, least of all from "peace-loving" Russia. They are still on their own initiative when freed by the UN. How else could they be treated?

The United Nations, the United States and Russia, then, are in perfect agreement. Thank you, Mr. Vishinsky, for making this point so clear. \* \* \* ALLAN HOPKINS

## Look To The Future

To the editor of The Lincoln Star:

## Close To Home

By ED FITZHUGH

A ball and chain on a parakeet may appear somewhat extreme to people who regard parakeets as cute little birds fresh out of nature's dye vat, but if anyone makes a steel ankle small enough to fit a footpuck-sized leg, McGuffey is going to have a ball and chain just as quickly as I can find it.

McGuffey is not really a parakeet; he is a Budgerigar. We call him a parakeet, though, because most people know that parakeets are birds, but suspect that Budgerigars are second cousins to Wombats, and they don't know what Wombats are, either.

The reason McGuffey needs a ball and chain is that he is a non-conformist. He does not like his cage. The bird training book says that he should be allowed out of the cage an hour each day. McGuffey disagrees violently with the author. He maintains that he should be placed in the cage only at bedtime.

At all other times, he feels that it is his inalienable right to dine on wallpaper, with lamp shades for dessert. He is hard to dissuade. I have been trying. Mrs. F. thought I should because Mrs. Johnson was coming over to talk about a school party, and Mrs. F. was afraid McGuffey would get in Mrs. Johnson's hair unless he was placed in his cage. So I went looking for him.

He is not hard to find, being a brilliant turquoise in color. He does not realize this, and tries to look like a wallpaper design. On this occasion I spotted him right away and advanced cautiously, knowing his treachery. I stepped casually up on the davenport, so that I could reach him where he clung to the molding at the edge of the ceiling. I tried to make it seem that I was just looking for a lost wallet. It did not work.

He flew. I grabbed. The davenport tipped. By the time I got out from under it, I had to find him all over again.

He was smarter this time. It would not have been possible to find him at all if he had not left a tail feather sticking out of the folds of the drape where he had taken refuge. I leaped, gathering the drape to my bosom. It might have been better had I done it more gently, but I did not know that the drape was so poorly anchored. The rod on which it hung clunked me on the head and the drape engulfed me. Dimly, I heard McGuffey's victory cry as he fluttered away.

He was in a lamp shade next time, and floor lamps are notably unstable, so that I do not think I should be blamed for the crash of this one.

Then he made his big mistake. He tried to hide in Mrs. F.'s hair. I did not find this out immediately, because I was hunting him in an upstairs bedroom and my hand caught in the coil springs on our daughter's bed. The only way to get the hand out was to turn the bed upside down.

It was when Mrs. F. came to tell me of McGuffey's capture that I suggested the ball and chain, and she agreed heartily.

I had some trouble, though, making her understand that it was McGuffey for whom I was suggesting the irons.

Editor's Note: Be brief. Limit letters to 150 words or less. Letters signed by a pen name, must be accompanied by writer's name and address. Letters represent only contributor's view.

Star: Mr. Eisenhower was swept into office on a tidal wave of emotion. This is not unusual in an American election. The important thing is that he is to be our next President. We Democrats should give him every opportunity to prove himself. We should not begin with the hateful, negative criticism so typical of the partisan Republican opposition of recent years.

Will Mr. Eisenhower, the man, prevail—or the vacillating, wishy-washy, contradictory Eisenhower, the politician? I hope it will be Eisenhower, the patriot, who prevails.

Mr. Raecke and Mr. Crosby proved that a political campaign can be conducted on a high level, even in Nebraska where hatreds are a dime a dozen.

President Truman will soon retire from the political limelight. He will continue to be baited just as Mr. Roosevelt was. He, like FDR, will be known as much by the enemies he made as by the millions of good people who loved them both. Historians who are not guided by hate-mongers and destructive partisans in their analysis and record recounting will place Mr. Truman high for his extreme courage, warm friendliness, resolute fight against entrenched greed and selfishness, and his love for his country. But now, let us look to the future.

## Correcting A Correction

To the editor of The Lincoln Star: In his presuming to correct The Star editor for referring to Kentucky Sen. John Sherman Cooper as a former governor ("The People Speak," Saturday, Nov. 8), this writer committed a more inexcusable error than the one which aroused him. I wrote: "If memory serves me correctly, John Sherman Cooper is a former senator but never

governor of Kentucky—of which there have been exceedingly few." I did not intend to imply that Kentucky, in her glorious 150-year history, has not had a full quota of governors.

What I intended to say, but did not, is that Kentucky has had very few Republican governors during this time—a record of which many Kentuckians are especially proud.

My face is now red.

## God Bless America

To the editor of The Lincoln Star: The following poem is a gentle reminder of what the voters anticipate and demand in return for their allegiance to the new leader in whom they have placed implicit confidence and trust:

The battle's o'er, the victory won,  
A nation's job has been well done.  
Its choice by ballot freely made,  
Demands the price that must be paid.

Those promises in broadcasts clear  
Before election day drew near  
Must henceforth ripen into fact  
For Eisenhower has signed the pact.

High cost of living must come down,  
New homes to rise in every town,  
Tightening immigration laws  
Ending distant bloody wars.

Now that Ike has gone to bat,  
New fields demand the diplomat.  
Warring nations in accord,  
His pen more mighty than the sword.

Four short years must prove the test,  
God help this man to do his best.  
Backed by the nation, loyal and strong,  
God bless America, be our song.

JOHN T. PECK

# Truman Will Submit Slightly-Cut Budget

## Total About \$83 Billion

WASHINGTON (INS)—Administration sources said Tuesday the budget that President Truman will submit in January for the fiscal year beginning next July 1 will probably total 83 to 85 billion dollars—a little less than he asked Congress to appropriate last January.

According to the best "educated guesses" available at this time, the President is expected to recommend military and foreign aid expenditures three to five billion dollars higher than his estimates of last January and a billion dollar increase in atomic energy spending.

However, it was pointed out that final decisions on military and other important items in the budget for fiscal 1954 have not yet been made and probably will not be made until Christmas or later.

**Cut 9 Billion**  
Last January, Mr. Truman submitted a budget totaling 85 billion 400 million dollars for the 12 months which began last July 1. Congress cut it about nine billion dollars.

Many congressional economy experts have declared they do not intend to approve any more than 70 billion dollars to run the government from July 1, 1953 to June 30, 1954.

Meanwhile Joseph M. Dodge, Detroit banker chosen by President-elect Eisenhower to be his representative on the budget, plan to be in Washington Wednesday. Dodge is expected to contact Budget Director Lawton immediately for the tedious budget conferences.

The best indication is that Dodge will merely sit in as an observer and will gather information for transmission to Eisenhower. All papers documents or other information he wants will be given to him.

**Basis For Decisions**  
The actual spending program for the next fiscal year will be determined by the incoming Republican-controlled Congress in cooperation with the new president. But the Truman figures will provide a basis for decisions.

Sen. Byrd (D-Va.) has estimated that the Truman budget can be cut 10 billion dollars in the next fiscal year. But it will be up to Eisenhower to determine how much can be cut in the first three months or so after he enters the White House. A rough breakdown of the Truman budget for the new fiscal

## Lincoln Man Named To Chamber Post; Succeeds Hallstrom

NEBRASKA CITY, Neb.—(Lincoln Star Special)—Dave Hallstrom, manager of the Nebraska City Chamber of Commerce since June, 1950, leaves this week to accept a similar post with the Dumas, Tex., Chamber.

Hallstrom, a University of Nebraska graduate, will be replaced by Larry Owen, 25, of Lincoln, also a NU graduate. Owen has been serving as manager of a shoe store in Lincoln.

year is expected to look something like this: Military, foreign aid, atomic energy, and other defense related items, 62 to 64 billion; interest on the public debt, 6.5 billion; veterans' benefits, 4.5 billion, and all other outlays, including social security, farm price supports, construction and highways, postal deficit, general government, etc., 10 billion.

## Business Climate 'Beautified With Ike'

The climate for business enterprise has been beautified with the election of Gen. Eisenhower as president, J. Fredrick Warner told Rotarians at their weekly meeting Tuesday noon.

Warner said that the election result leaves with the businessman "the psychology that he may go ahead and plan for a future program of expansion without having to fear government intervention and regulation."

## Total Major Party Vote Upped To 59,643,605

WASHINGTON (AP)—Some more late figures on last Tuesday's presidential election Tues-

day pushed the total major party vote to 59,643,605.

Returns from 142,465 out of the 146,370 voting units gave: Eisenhower 33,043,529; Stevenson 26,600,076; Eisenhower's percentage 55.5.

## Twelfth Suspect In Calkins Murder Cleared By Tests

O'NEILL, Neb. (INS) — Holt County Sheriff Leo Tomjack said a lie detector test has cleared the latest suspect in the March 7 murder of O'Neill Police Chief Chet Calkins.

He was the 12th person given a lie detector test and all have been cleared by the tests. It was administered by state Patrol Sergeant Robert E. Nichols.

Calkins was found shot to death in his car on a street in the O'Neill business district. There were no witnesses to the crime, but officers believe he was shot while attempting a burglary at a nearby implement shop.

# Only Fenske-Fuller Solon Race In Doubt

## Lusinski Wins With Slim Margin

**By the Associated Press**

The 43rd district legislative race remained in doubt Tuesday pending the opening of mail ballots in two far western Nebraska counties.

Another close race, in the 26th district, has been determined despite the fact a few absentee soldier votes still dribble in.

Associated Press tabulations of the vote in the 43rd legislative district, made up of Cheyenne, Banner, Morrill and Kimball counties show A. A. Fenske of Sunol 124 votes ahead of Clark H. Fuller of Sidney 5,590 to 5,466 with only 222 mail votes still to be counted.

The outstanding votes are in Morrill and Kimball Counties, both of which gave about 60 of their vote to Fuller and 40 to Fenske in the balloting.

If the same trend holds true Fenske would get about 88 of the 222 outstanding votes and end up with a margin of about 78 votes.

**Open Ballots Friday**

Final results will not be known until the mail ballots are opened Friday.

Mail votes have been counted in Cheyenne and Banner Counties. In the 26th legislative district veteran Legislator Ed Lusinski of Columbus leads Robert Brower of Columbus 5,573 to 5,487 with only a few absentee soldier votes still to be counted in Lusinski's home county of Platte, where he leads Brower 4,864 to 3,584.

In Nance County, Brower's home county, Brower leads Lusinski 1,903 to 709, but the Nance county clerk said there probably would not be more than two or three additional mail votes received before the canvassing board reconvenes Friday, certainly "not enough to affect the outcome."

Mail votes in Platte County ran 176 to 81 for Lusinski and in Nance County they ran 60-11 for Brower.

## Deer Dies Shortly After His Rescue

**PLATTSBURGH, Neb.**—(Lincoln Star Special)—A 15-man posse of hunters sought to rescue the 200-pound deer which had been trapped in mud near here, but the animal died later in the county jail.

When representatives of the State Game Commission failed to appear, County Sheriff Tom Solomon and his volunteer posse trudged off through the mile of timber to carry back the alive but weak and paralyzed animal by stretcher. The trip took two and one-half hours.

The deer had been found mired up to her neck in the slough on the rifle range near Plattsmouth by a Plattsmouth hunter, George Kalasek, who, with the aid of County Sheriff Solomon, John Kalasek, Eldon Vroman and Elmer Wurtle, freed the deer.

The posse dried and cleaned off the deer and called a veterinarian, but the animal died soon after.

## Applications Increase For Loans On Corn

Nebraska farmers are making applications for government loans on their new corn crop to a much larger extent than usual.

This was reported Tuesday by the State-Federal Bureau of Agricultural Statistics in its weekly statement on crop conditions in the state. The increase in corn loans, the report said, coincides with the large amount of corn which is being exported in trucks from Nebraska.

The corn harvest was described as nearly completed in Nebraska with about 91 per cent husked at the start of this week. The quality of the corn is excellent and some is testing below 15 per cent of moisture. A considerable portion is being shelled and stored.

The situation remained serious for the winter wheat, with no precipitation reported during the week. The crop continued to suffer from the continued drought. A few reports have been received of wheat dying and apprehension exists as to whether the crop can withstand the winter.

Farm Bureau  
To Hear Talk  
By Voorhees

Herb Voorhees, president of the New Jersey Farm Bureau, will be the principal speaker at the annual convention of the Nebraska Farm Bureau Federation scheduled in Lincoln, Nov. 23-26.

The New Jersey farm-owner, who will make his appearance the evening of Nov. 25, is considered

HERB VORHEES

a topflight analyst and interpreter on farm problems and issues facing America today.

Also featured during the convention will be the address and annual report of the State Federation's president, Charles Marshall of Elmwood, which will take place Monday evening. Featured during the day's sessions will be discussions of livestock and field crops, the Nebraska Non-Stock Co-Op Association, the Associated Women, and a government affairs meeting.

Election of members of the board of directors and vice president and discussion and action on resolutions will take place Wednesday.

Norris A. Anderson, University of Nebraska rural economist, will take part in the convention program Tuesday, Nov. 25.

# Preliminary Plans On Northeast High School Addition Approved

## Permit Plan On Building Criticized

Preliminary floor plans for the proposed Northeast High School classroom addition and gymnasium seating 1,400 persons estimated at \$657,000 were approved Tuesday by the Lincoln Board of Education.

However, the estimated construction costs were \$157,000 more than the bond budget estimate of \$500,000 and the board called for alternates in the final drawings as to the \$17,000 multipurpose room and the \$80,000 second floor classroom wing.

Working drawings to be available for bid purposes not later than March 1, 1953, will include:

Remodeling, including swimming pool ventilations, \$38,000; sidewalks and driveways, \$7,000; cabinets for home economics rooms, \$20,000; physical education, locker and shower rooms, multipurpose room, shops and agriculture classroom, \$298,000; and classroom and home economics wing, \$294,000.

**Building Fund**  
Equipment, costing an estimated \$35,000 from the building fund, will include 170 corridor lockers, 1,400 gym bleachers, 720 lockers

for school construction and has experts available for consultation.

The board's attorney advised against a "legal test" of whether the board should pay for permits, unless the school was unable to obtain a favorable schedule.

He pointed out that the Omaha schools have not been required to have building permits, but that the question is under discussion.

The board discussed the advisability of abandoning the school site in Sherwood Park area. It was pointed out that the distance from the center of the Lincoln Home Builders development was within the elementary standard to Huntington and Havelock schools.

Although a June census indicated 599 children of pre-school ages in the general area, it was

believed that additional increases could be absorbed by the two schools with the proposed classroom additions.

The housing development is the scene of a commercial zoning and park development question between the firm, school and park boards. The board has gone on

record as opposed to any commercial zoning within 650 feet of a school site.

In other action the board approved:

1. Offer to sell an irregular lot to Kenneth J. Good, 3137 So. 40th, for \$350 as a counter proposal to Good's \$200.

2. Purchase of a lot at the Southeast High School site for \$800.

3. Installation of drinking fountains in the temporary units at College View Elementary School site for \$800.

4. Tuition rates for special education grades at Elliott and Clinton schools at \$488 per year or \$13.00 per week; at Everett and Whittier Junior High School, \$688 per year or \$19.20 per week; and homebound pupils, \$4.50 per call or \$10.10 per week for four calls.

5. Election of William P. Meyer, physical education teacher at \$2,800 a year; and Mrs. Evelyn Lavaty, and Francis J. Nagle, as substitute teachers.

### Ill Wind

ST. JOSEPH, Mo. (AP)—The wind blew Dorothy Smith's hat off and she wound up in a hospital. Chas. approach the actual cost of building inspection, since the board uses "high architectural standards" reported as a sprained ankle.

(You may have them and not know it.)

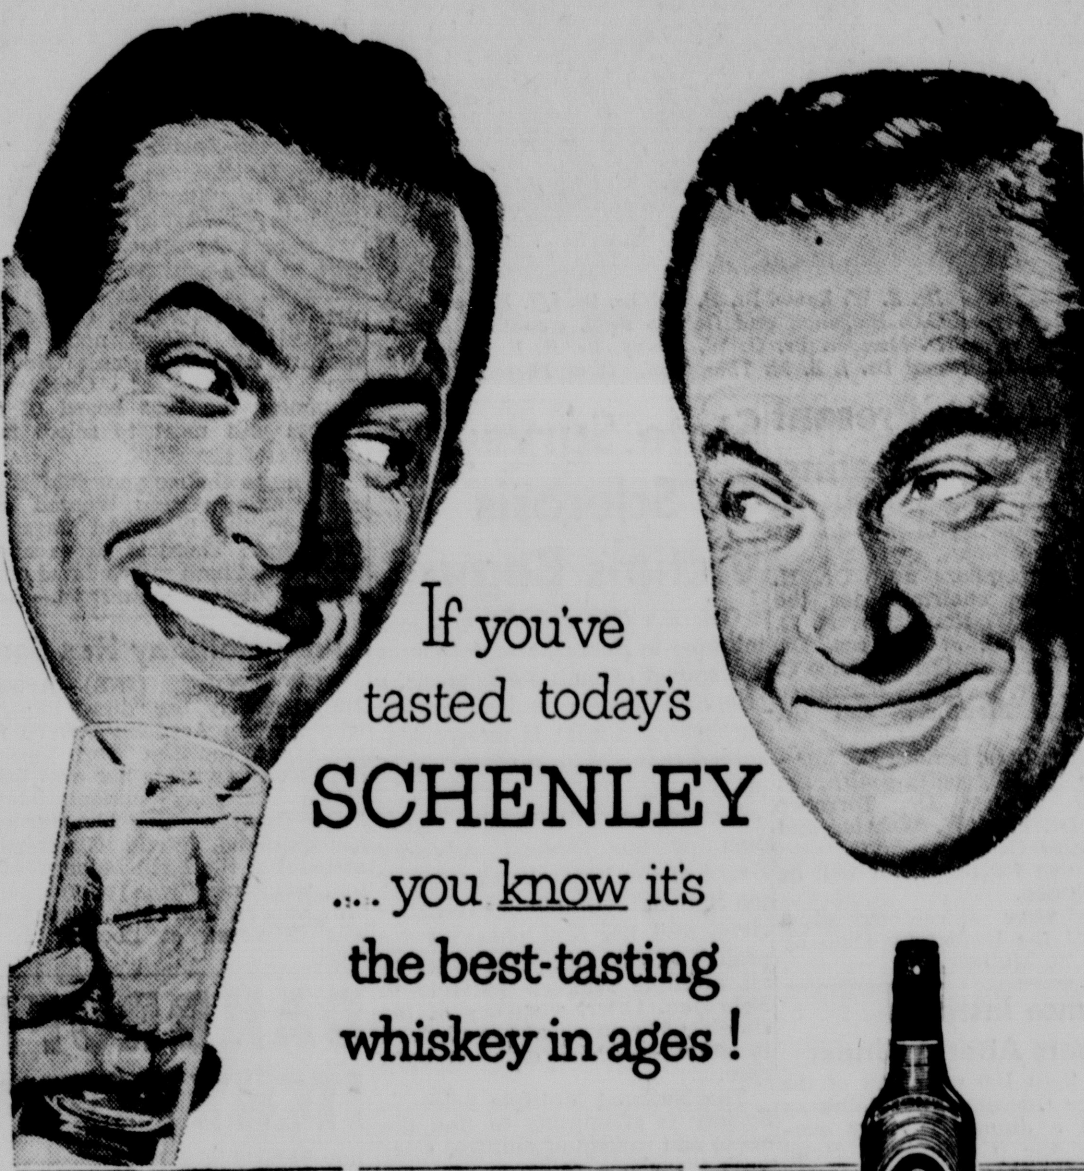

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pills must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P-W Vermifuge... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

# AEC Remains Silent On Reported Hydrogen Blast

## Statement Is Promised After Tests

WASHINGTON (AP)—Officials of the Atomic Energy Commission persisted in tight-lipped silence Tuesday in the face of reports that the first American-made hydrogen "bomb" has been exploded in the South Pacific.

"We will have absolutely no comment until the current series of atomic tests is concluded," an AEC spokesman said. "Then we will make an announcement."

Previously, AEC officials had indicated that for security reasons it might be years before an announcement was made in connection with hydrogen bomb experiments.

**Didn't Cause Wave**

Meanwhile, scientists here dismissed any idea that an H-bomb explosion might have caused the 13-foot tidal wave that struck the island of Oahu, Hawaii, on Nov. 4, and also threw huge waves against the Aleutians and Midway Island.

Scientists said any man-made detonation would be puny compared to the gigantic forces unleashed by nature—such as earthquakes, volcanic eruptions, hurricanes and other phenomena—that might set tidal waves in motion.

Eyewitness accounts of a purported hydrogen bomb explosion have been published during the last few days in Los Angeles, Lima, O., Michigan City, Ind., and Salt Lake City.

**Sailors' Letters**

Most of the published descriptions, set forth in letters written by U. S. sailors to friends in this country—agreed that H-hour for the explosion was 7:15 a.m. (Central Pacific Time), and the blast took place on the mid-Pacific island of Eniwetok. That is the scene of the current hush-hush atomic tests.

One account said the explosion occurred Oct. 1; two others said the date was Nov. 1.

Although the AEC and military clamped tight official security on the Eniwetok tests, an apparent loophole in the screen existed. An AEC spokesman, in answer to a question, said he believed that no censorship of mail from the proving grounds was in force. This appeared to account for the detailed letters now arriving in the United States.

**LAST MAN'S CLUB**—The 34th annual meeting of the Last Man's Club was held in Lincoln Tuesday, with all nine of the surviving members present. Members are (left to right seated) Dr. G. H. Walker, Dr. E. W. Rowe, Dr. H. W. Orr, Dr. I. I. Hompes, Dr. C. C. Hickman, and (left to right, standing) Dr. O. D. Munger, Dr. G. W. Covey, Dr. H. E. Flansburg and Dr. I. E. M. Thompson. (Star Photo.)

## Remaining Nine Members Are Present For Last Man's Club Annual Meeting

A club whose majority of members hold perfect attendance records for 34 years and whose membership gradually decreases, held its yearly meeting Armistice Day. The Last Man's Club, organized in 1919 by 15 Lincoln doctors and a dentist after their medical services in World War I, held a memorial service Tuesday at the Wyuka grave of Dr. John M. Mayhew, the club's first loss.

Afterward a luncheon was held at the Country Club and a dinner at the Cornhusker Hotel.

Nine of the original 15 members remain in the club and all but two of these claim perfect attendance records. All are from Lincoln. This year, Dr. George H. Walker made a special trip from Berkeley, Calif., where he was visiting his son and daughter-in-law to attend the meeting.

Present members are: Dr. H. Winnett Orr, chairman for the day, Dr. E. W. Rowe, Dr. A. D. Munger, Dr. J. J. Hompes, Dr. George W. Covey, Dr. Clarence C. Hickman, Dr. J. E. M. Thompson, Dr. H. E. Flansburg and Dr. Walker.

Late members, besides Dr. Mayhew are: Dr. Roscoe L. Smith, Dr. Miles J. Breuer, Dr. Torrence Moyer, Dr. Fred W. Webster and Dr. Stanley G. Zemer.

Chairman for next year will be Dr. Hickman.

Wives were entertained at a dinner at the University Club by Mrs. A. D. Munger.

## George Malone, 67, Former Lincolnite, Dies Of Bulbar Polio

A 67-year-old former Lincoln man died of bulbar polio Tuesday morning two hours after being admitted to a Beatrice hospital.

George S. Malone, who moved to Beatrice in 1946, was district manager of Associated Hospital Services and Nebraska Medical Service here for about five years here. His address was 2522 Washington.

Malone was believed to be one of the oldest Nebraskans to die of the disease this year. Polio has claimed at least 102 Nebraska victims this year.

Malone's survivors include his wife, Louise; one daughter, three grandchildren, two brothers and one sister.

## State Survey Of Sclerosis Victims Begun

OMAHA (AP)—A survey has been initiated in Nebraska to determine the spread of multiple sclerosis, a crippling disease which medical authorities suspect is more widespread than is commonly supposed.

Dr. John A. Aita, Omaha, chairman of the Medical Advisory Board of the Nebraska Chapter of the National Multiple Sclerosis Society, said the first phase of the project will be an appeal to locate all multiple sclerosis patients in Nebraska. Later, a survey of the state's 1,300 physicians is planned to gather medical data on each case.

The National Multiple Sclerosis Society is attempting to find the cause and control of multiple sclerosis through a research program at leading medical centers in the country.

## Insurance Institute Members Attend Dinner

More than 100 members of the Insurance Institute of Nebraska attended a dinner Tuesday evening at the Cornhusker Hotel from where they divided into six panel discussion groups for the evening program.

Panel leaders, who discussed various areas of insurance, were: John Alden, L. J. Melby, Don R. Hodder, Frank Shugrue, D. A. Stivers and Harold Munson.

Dear Clark:

It is indeed a pleasure to congratulate you upon your first business anniversary, for it represents another epochal period in the commendable career which you laid out for yourself so long ago.

We often recall with much interest our first conversation with one another. It was at that time you outlined to us the ultimate objective you had in mind of going into business for yourself and of serving such an extent their satisfaction and happiness as well as your progress.

Particularly do we remember your willingness, solicitation and initiative in seeking experience in any and every department of our factory and office that would prepare you more efficiently for the program you confidently kept yourself a top member in our evening classes is frequently commented upon by your former associates here. We do not know whether you now consider as most valuable in carrying on your store experience or your second five years of factory and office work, working with dealers, salesmen, piano technicians, music teachers and mothers and fathers interested in piano, but certain it is we are aware of no one who has more thoroughly or conscientiously than you prepared himself for the type of activity in which you are engaged.

All of us wish you continued success, Clark, in your desire to bring about more good fortune and happiness through the instrumentality of the piano and organ, and we think the people of Lincoln and surrounding community are to be congratulated upon having such a store as yours and such a fine spirited young man as you are located in their community.

To you and Dora, and your dear little family, as well as your associates, we wish you continued success.

Yours sincerely,

## Introducing— Mr. And Mrs. Warren Myers

Eight-hundred South Forty-seventh Street is the address of one of Lincoln's new and attractive couples from Aurora, Ill. Mr. Myers is the district storekeeper for a railroad here, but Lincoln is nothing too strange to him, for this is their third visit here! Although their daughter, Mrs. J. G. Smith, (a former Chi Omega at the University of Nebraska) is living far away in Oak Ridge, Tenn. the Myers plan to make Lincoln their permanent home.

One might think that Mrs. Myers, with her family grown up and married, would have a bit of an adjustment to make in a new city! However, here is a charming lady with so many ideas, she will not have time to feel lonely. Her favorite pastime got its start in Galesburg, Ill. Mrs. Myers' birthplace, where she worked in a photographic studio. When times became difficult, she took a big step and bought the shop, which she made thrive, and later she started painting portraits. Although she has no professional ambition now, she would like to resume doing pastels of friends... that is, when she finishes the ones of her three grandchildren. There are only several pictures in their home that she did not do herself.

Mrs. Myers enjoys music, and interior decoration, to round out the artistic picture, and also to cook in their sunny kitchen. They love a garden, but the past several years in an apartment house have provided little space for even a geranium.

When the Myers took their vacation in St. Petersburg Beach, Fla. last winter, Mrs. Myers had no idea that she had a bent also at deep sea fishing! It seems that while she was only "along for the ride," she reeled in a piece of rare Elkhorn coral

# TOWN TALK

LINCOLN, IT SEEMS, will be a busy, busy spot this coming week-end with the Nebraska-Minnesota game—a big day on everybody's calendar—homecoming festivities and courtesies for the many out of town guests who are beginning to arrive by train, plane and car.

A GUEST AT the home of her grandmother, Mrs. C. F. Ladd, is Miss Lesley Grainger who arrived several days ago from her home in Salinas, Cal. to spend two weeks in Lincoln while her fiancé, Lieut. Bill Browne, is in town on a short leave visiting his parents, Mr. and Mrs. W. H. Browne. Lieut. Browne, who is stationed with the army at the Aberdeen Proving Grounds in Maryland, and Miss Grainger are making plans for a February wedding which will take place at Salinas.

A HOMECOMING week-end is in store for Mrs. Bryan Davis of Colorado Springs, the former Patty Cooper, who will arrive Friday evening to be the guest of her parents, Mr. and Mrs. Herbert Cooper, and to attend the game on Saturday. Col. Davis, we hear, will be unable to accompany his wife to Lincoln for this trip.

AND ARRIVING from their home in Denver, Colo., last Friday were Mr. and Mrs. James Gilliland and their children, Mike and Judy, to be the houseguests of Mrs. Gilliland's parents, Mr. and Mrs. Lester J. Strain.

Mrs. Gilliland, the former Betty Ed Strain, and her husband will be honored Friday evening at a dinner for which Mr. and Mrs. Robert Glenn will be host and hostess at their home. Following the game on Saturday, the out of town guests will again be honored when Mr. and Mrs. Burton Folsom will entertain at an hors d'oeuvres affair at their home.

ALSO AMONG the Nebraska rooters at the game on Saturday will be Lieut. and Mrs. Jack Campbell who will be the week-end guests of Lieut. Campbell's parents, Mr. and Mrs. John D. Campbell. Lieut. Campbell is currently stationed in Minneapolis with the 199th fighter interceptor squadron.

A HOMECOMING reunion will include Mr. and Mrs. Harold V. Hopkins, Jr., of Chicago, and Dr. and Mrs. J. B. Anderson (Evelyn Hopkins) of Russellville, Ala., who will visit their parents, Mr. and Mrs. Harold V. Hopkins. Beyond the usual homecoming game festivities, the Andersons and Hopkins

will be the incentive for several informal courtesies during their stay.

WE CAN'T SAY now whether or not she will attend the homecoming game on Saturday, but we do know that Miss Georjean Groom, the national

10 o'clock coffee at her home in courtesy to Miss Groom.

ARRIVING IN LINCOLN this afternoon just in time to attend the tea to be given in her honor by the alumnae and active members of Chi Omega will be Mrs. Augusta Glenn of

week end, in town only long enough to catch their breath, were Mr. and Mrs. Jim Baylor and their six-month-old son, Bill. Mr. and Mrs. Baylor arrived Saturday from their home in Evanston, Ill., only to be off again on Tuesday morning. During their brief stay, they were the guests, naturally, of Mr. and Mrs. F. B. Baylor.

LINCOLN TRAVELERS, who will leave town today for Denver, Colo., will be Mr. and Mrs. Harry Doran and their son and daughter-in-law, Mr. and Mrs. Thomas J. Doran, who will attend the wedding of their son and brother, Robert R. Doran, and Miss Marjorie Nicholson of Denver, on Saturday. The wedding will be solemnized at 10 o'clock Saturday morning at Christ The King Cathedral.

BACK TO the week-end's guest list—and parties—

Mr. and Mrs. John F. Zimmer Jr., will be host and hostess at a canape party at their home following Saturday's game, and preceding dinner at the Lincoln Country club with the Zimmers' usual no host group, when they honor their game week-end house guests, Mr. and Mrs. Tom Darden and Mr. and Mrs. John Pfander of St. Paul, Minn. Invited to the canape party are numerous other out of town guests including Mr. and Mrs. A. A. Ashworth of Beatrice; Dr. and Mrs. John Easley of Grand Island; Mr. and Mrs. Ralph Trester, Omaha; Mr. and Mrs. Tom Lamley of Omaha and Mr. and Mrs. Richard Engles of Elmwood.

Going on to the club with Mr. and Mrs. Zimmer will be their house guests, Mr. and Mrs. Trester, Mr. and Mrs. Engles, Mr. and Mrs. Charles Miller and Mr. and Mrs. L. J. Melby.

FLASH FROM the romantic front—Hear we are to be announcing the engagement of a popular young Lincoln girl very soon—

MISS GEORJEAN GROOM

field secretary for Kappa Kappa Gamma, will be guest of honor this morning at the 9:30 o'clock morning coffee for which Mrs. Robert Guenzel will be hostess to the members of the sorority's alumnae club. Later on today, Miss Groom will attend a 1 o'clock luncheon at the University Club when Mrs. Donald Purvis, alumnae club president, will entertain the members of the alumnae advisory board.

INCIDENTALLY, Mrs. John Goodwin, Kappa Kappa Gamma's province vice president, will be down from Omaha to attend the meeting and coffee this morning honoring Miss Groom.

ON FRIDAY MORNING, Mrs. Curtis Kimball will entertain the members of the Kappa house corporation board at a

# Thoughts For Those Yet To Die Darken Armistice Day

By BILL DOBLER  
Star Staff Writer

Local military contingents combined forces to pay tribute this Armistice Day to America's war dead.

It was a simple, 20 - minute service at 11th and O which no doubt left many of the thousands who viewed it thinking not only of those men who have already given their lives for their country but also those who are yet to die in the Korean War.

The sharp crack of rifles in a three volley salute to the dead left many little youngsters crying and clinging to their mothers. How much more must be the fear of little children in lands where war has brought the constant blast of cannons to kill rather than commemorate.

**Hopeful Words**

How hopeful were the words of Chaplain Abba Fineberg as he opened the services with "Almighty God, giver of all victories, we again pray to Thee for the end of hostilities and the return of peace to the peoples of the world."

Following the Marines firing squad salute, the services were completed with echo Taps by the American Legion Drum and Bugle Corps.

The Legion Corps, also played in the annual parade which made its way from 9th and P south to O, down O to 14th, north to P and back to 9th. Various contingents in the parade included Boy Scouts, Navy Reserve and Naval Air Reserve marching groups, National Guard motorized units and members of the city's veterans organizations.

**Officials Present**

Officials taking part in the services were Mayor Victor E. Anderson, National Guard Adjutant Gen. Guy Henninger, Col. James H. Workman of the Army ROTC, Capt. H. J. Murray of the Naval Air Reserve, Capt. Thomas A. Donovan of the Navy ROTC, Lt. Col. Bruce Prosser of the Marine detachment of the Naval Air Reserve, Lt. Col. Frank R. Crabtree of the Lincoln Air Force Base and Mrs. Mary Ellen Lorton, commander of Lincoln Post 3, American Legion.

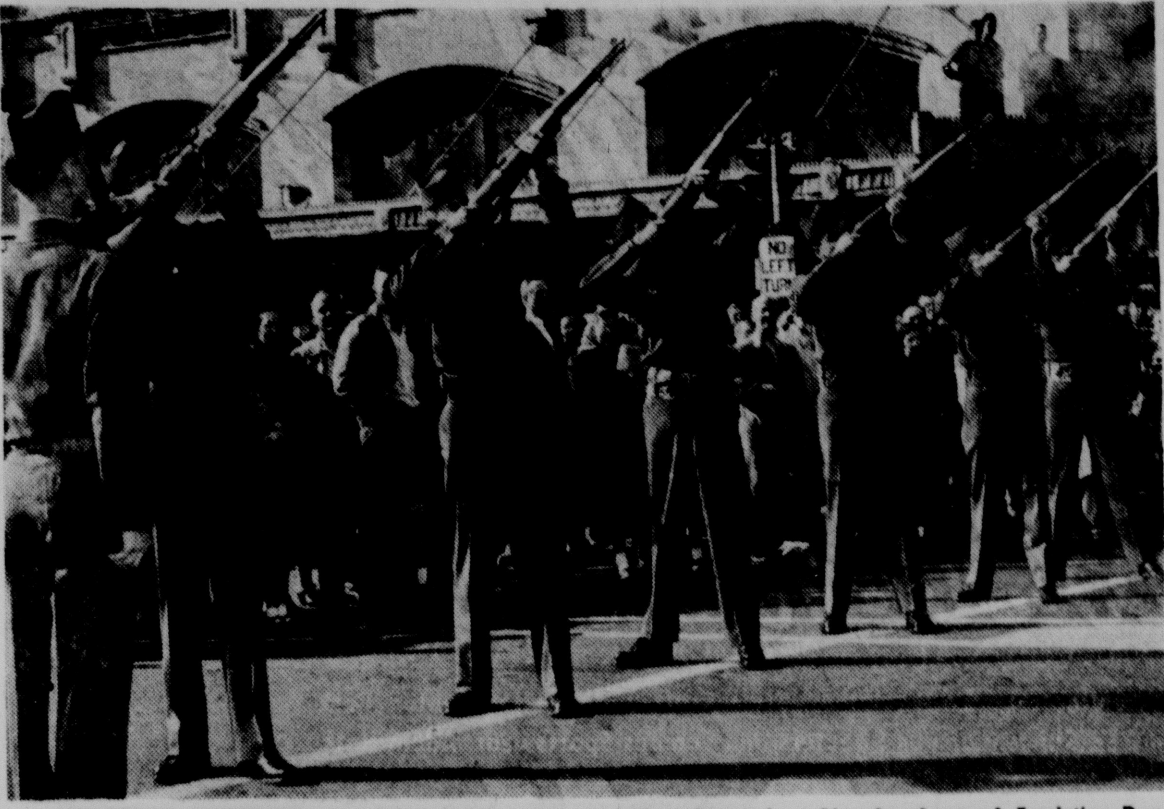

Parade marshal was Brig. Gen. Marcus L. Poteet, retired, U. S. Army. General chairman was Maj. Henry G. Jacoby, commander of the state headquarters detachment of the National Guard. Lt. Col. Don Penterman, National Guard, was co-chairman.

Other Armistice day activities included an open house for veterans at the Lincoln Hotel headquarters with an evening bean feed and dance, a 40 and 8 banquet and memorial services held by the Last Man's Club at 11 a.m. in Wyuka Cemetery. The club's annual dinner was held Tuesday evening, with Dr. H. W. Orr chairman for the day.

**Optimists To Hear District Governor**

J. W. Whittitt of Kansas City, Mo., governor of the 10th district of Optimist International, will be the main speaker at the Lincoln Optimist Club meeting Thursday noon at the Cornhusker Hotel.

The program is part of an observance of Optimist Week from Nov. 9 to 15 with the 1952 theme, "Every Boy Needs a Man's Helping Hand." Will be guests at the luncheon.

## 'Song Of Norway' Opens Four Night Run On Wednesday

The Nebraska Wesleyan University department of music will open its four night run of "Song of Norway," Wednesday night in the Plainsman theater. Curtain time is 8 p.m.

The operetta, which traces the life of the famed Norwegian composer, Edward Grieg, will star Homer Harrison of Lincoln as Grieg, and Sylvia Slater of Omaha as Nina Hagerup.

Director Oscar Bennett will lead a 26 piece orchestra playing the instrumental accompaniment and a mixed chorus to support the leads.

The presentation will mark the 19th consecutive such production of this nature in a series begun by Prof. Bennett in 1934. His shows have always featured authentic period costumes and settings.

## What Employers Want to Know About Hospital and Medical Care for Employees and Their Dependents

Making hospital and medical protection available is an important part of management-employee relations. This year, one out of every three breadwinners will be faced with a hospital-medical bill for himself or a member of his family. It's sound business to help employees protect themselves against the financial emergency caused by sickness.

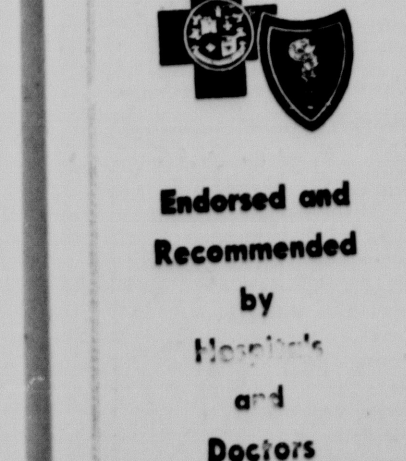

- Q** Doesn't it cost a lot to have good pre-paid health protection?
- A** No. An employee and his entire family can have **BLUE CROSS-BLUE SHIELD** protection for about the price of a package of cigarettes a day.
- Q** What's so different about **BLUE CROSS-BLUE SHIELD**?
- A** These health care Plans are non-profit—organized by hospitals and doctors for the sole purpose of providing the greatest possible benefits at the lowest possible cost. Aside from low operating costs, all income is used for present and future hospital and medical care of members.
- Q** Why do so many people prefer **BLUE CROSS-BLUE SHIELD** protection?
- A** Because these Plans have proven so dependable for millions of members. All family dependents receive equal benefits; there's no "red tape" about obtaining services; and benefits are provided for nearly every type of illness, including polio.
- Q** Is membership cancelled because members leave their group or reach age 65?
- A** Indeed not. Members may continue their protection—with no reduction in benefits.
- Q** Why is membership especially valuable to people of moderate income?
- A** Because of the "Service Benefit" features of **BLUE CROSS-BLUE SHIELD**. Blue Cross pays IN FULL for some hospital services. Blue Shield benefits are accepted by Participating Physicians as FULL PAYMENT for services to members whose annual incomes are under certain levels.
- Q** How can employees obtain this protection?
- A** A **BLUE CROSS-BLUE SHIELD** Employee Group can be formed at any business firm having five or more employees. Low monthly dues, on payroll deduction, make it easy to budget in advance for hospital and medical expenses. Phone or write for details, using coupon below.

# Announcing General Motors Better Highways Awards

\$194,000 in awards for the most practical solutions to America's critical highway problems

Every American is intensely aware of the inadequacy of our roads and streets to meet today's highway transportation needs. Yet too few have given thought to a practical solution.

As a nation we are not building or improving highways as fast as our dependency upon motor transportation is increasing.

The result is a nationwide traffic snarl that costs the public untold millions in lost time and causes needless accidents every day.

It is a difficult problem, because modern highways cost a lot of money. But lack of them is costing even more!

To encourage all Americans to think about this critical situation and come forward with practical solutions, General Motors is instituting the GM Better Highways Awards for the best essays submitted on the following subject:

**"How to Plan and Pay for the Safe and Adequate Highways We Need"**

A total of 162 State, Regional and National Awards will be given for those entries which are considered best by an independent board of five judges. The following have accepted appointment to the board:

NED H. DEARBORN  
President, National Safety Council

THOMAS H. MACDONALD  
Commissioner, Bureau of Public Roads, U.S. Department of Commerce

CURTIS W. MCGRAW  
Chairman of the Board, The McGraw-Hill Publishing Company

DR. ROBERT G. SPROUL  
President, University of California

B. D. TALLAMY  
Superintendent, New York State Department of Public Works and President, American Association of State Highway Officials.

Entries will be judged for originality, sincerity and practical adaptability—not on literary merit.

Contest closes midnight, March 1, 1953. Winners will be publicly announced as soon thereafter as the judging can be completed.

**CONTEST RULES**

1. WHO MAY COMPETE: Any individual who is a resident of a state of the United States or the District of Columbia may compete for an award, except Contest Judges and the members of their immediate families.

2. WHAT IS TO BE SUBMITTED: Each contest participant shall submit an original essay, with any supporting material or data the participant may desire, on the subject:

**"How to Plan and Pay for the Safe and Adequate Highways We Need"**

3. HOW, WHEN, AND WHERE ENTRY IS TO BE SUBMITTED: To be eligible for award consideration, each essay must be submitted with an official entry blank which may be secured from any General Motors car or truck dealer or by writing to:

General Motors  
Better Highways Awards  
General Motors Building  
Detroit 2, Michigan

Essays may only be submitted with a completed official entry blank, and must be mailed to the address immediately above.

To be eligible for award consideration, a contest entry must be postmarked not later than midnight, March 1, 1953, and must be received by March 14, 1953.

4. GENERAL REQUIREMENTS AND CONDITIONS CONCERNING ENTRIES: A participant by submitting an essay agrees to be bound by all the rules of the contest. Each essay shall be in English, on one side of the paper only, and preferably typewritten. Illegible essays will be automatically disqualified. While brevity is suggested, no limitation is placed on the length of the essay. Participants should use the number of words they believe necessary. No essays will be returned. Upon submission, each essay and the contents and ideas therein become the property of General Motors Corporation which shall have the exclusive right to make unlimited use, in whole or in part, of the same. A participant represents by submitting an essay that in content, in whole and in part, are original; and participant further represents that such essay has not been submitted, or in any manner disposed of, to other than General Motors Corporation.

5. AWARDS: Contents of essays will be judged for originality, sincerity, and practical adaptability. Awards in the number and amounts listed below will be made as determined by a Board of Judges.

**SIX NATIONAL AWARDS**

First Award, \$25,000; Second Award, \$10,000; Third Award, \$5,000; Three Honorable Mention Awards, each \$3,000.

**NINE REGIONAL AWARDS**

For the best essay submitted from each of nine regional sections\* of the United States, each \$2,500.

\*States included in each region are listed in "The General Motors Better Highways Awards Facts Book."

**147 STATE AWARDS**

49 First Awards, one for each state and the District of Columbia, each \$1,500.

98 Honorable Mention Awards, two for each state and the District of Columbia, each \$500.

The selection of award winners will be made from all entries as a group. National award winners will be selected first and thereafter automatically eliminated from further award consideration. Regional award winners will be selected next from the remaining entries and will automatically upon selection be eliminated from further award consideration. From the entries remaining after the selection of national and regional award winners, state award winners will be selected. No participant may win more than one award. In the event of ties for a particular award, or in the event that an essay of an employee of General Motors Corporation, or one of its domestic subsidiaries, is an award winner, duplicate awards will be made.

6. ANNOUNCEMENT OF AWARDS: The names of all award winners will be announced as soon as possible after the close of the contest.

7. The decisions of the Board of Judges with respect to awards and all other contest matters are final and binding on each participant.

8. The contest and awards made in connection with the contest are subject to all applicable local, state, and federal laws and regulations.

# Kennan, Unacceptable To Russians, Returns To U.S.

## Plans To Continue His Career

NEW YORK (INS)—Ambassador George Kennan, recently labeled "unacceptable" by Russia, returned home Tuesday and declared that he still regards himself as the United States' envoy to the Soviet Union.

Kennan, who arrived from Europe with his wife and two of their four children aboard the liner America, said that Russia's order declaring him persona non grata came as a complete surprise. He added:

"Only a week before the order was issued, Pravda ran a series of articles attacking me.

"However, it is my understanding that I am still U. S. ambassador to Russia. On Friday I will go to Washington and report to the secretary of state."

The ousted American envoy said he planned to continue as a career diplomat.

Kennan would not comment on a question asking if he believed any Western diplomat could do any good in Russia. He then declared:

"My recent experiences in Moscow brought me no overwhelming surprises. I naturally had things to learn and I hope that I profited by the experiences."

Kennan said the Kremlin specifically objected to a remark he made at the Tempelhof Airport in Berlin. In his statement then, Kennan criticized restrictions placed on foreign diplomats in Moscow and compared the limitations to those imposed by the Nazis.

### Want a Delicious Treat? Try this Milk Drink...

Adult and teenagers, as well as children, should drink milk every day. Delicious drinks like this make milk real "party fare."

By MARY MANNING

Here is milk that is really delicious and refreshing. I'm speaking of wonderful, wonderful FAIRMONT MILK. It's the "Grow" Food... and it's the "Go" Food. That's why grown-ups and teenagers are urged to drink it every day. For no matter how old we may be we never outgrow our need for milk.

And there are so many exciting ways to serve milk we should never be at a loss to find some way that will appeal to every member of the family.

Try this recipe for Milk Fruit Punch. It's quick, easy, delicious.

**MILK FRUIT PUNCH**  
Combine 1 1/2 cups Fairmont Frozen-Fruit Strawberry and juice with 1/4 cup orange juice and 1/4 cup lemon juice. Add 1/2 cup sugar, 1/2 teaspoon salt and 6 cups chilled Fairmont Milk. Beat with a rotary beater. Pour into cold glasses, garnish with mint leaves and serve. Serves six.

And... be sure to try a glass of cold, fresh Fairmont Milk just as it comes from the bottle. You'll like the way its deep-down creamy-goodness pleases... satisfies... refreshes.

# '52 State Champion Links Were 'Opportunist' Club

## Never Bet Against These Huskers

**G**ENUINE saints to these tired old sports writers are the current Nebraska Cornhuskers. By pulling the unexpected through a will to play this game of football that seems to hold no boundaries, these young Huskers have been paying rich dividends to those who have kept faith in them.

Before the Colorado game, we climbed far out onto a cross-piece and forecast a Husker victory. Some citizens thought and told us that we were crazy, stir-happy in a newspaper way and what have you. They pointed to odds in Denver that actually listed Colorado as a 16-point favorite on the eve of the game.

So what happened? Colorado was spanking lucky to get a 16-16 tie with the amazing Huskers.

We devoted a column called "Kansas Can Be Beaten" last week to the idea that Coach Glassford and his hustlers are simply not the team you want to bet against.

What happened? The kids hit new heights and edged Kansas, the nation's seventh-ranking team (up 'til then), by 14-13. Kansas was merely an 18-point favorite in Kansas City the night before game time.

At this late writing, the Huskers could well be resting on an undefeated record.

They missed five scoring chances against Missouri in losing, 10-6, when the Tigers pounced on an errant pitchout for a touchdown. They won the battle of statistics although Penn State gave them the only other loss, 10-0.

Not yet has the Nebraska defensive line been outplayed, even in its most lethargic showing—against Missouri. It was the defensive line, per usual, which forced the breaks at Lawrence. The secondary defense, led by Bob Smith, Jim Sommers and Dan Brown, arose to the occasion, too, and contained Kansas' dangerous passing game in the closing moments.

The performance of Smith, a last-day sub for the injured Jim Yessley, exemplifies what Glassford has been saying: One big reason for our success is that we have as many men playing from the bench as on the field. Every victory has been a squad victory.

## Crisler Asks Eight TV'd Grid Games

Michigan Athletic Chief Would Give Video Break

ANN ARBOR, Mich. (AP)—Give the armchair football fans eight games on television every Saturday instead of just one.

That proposal came Tuesday from Athletic Director Fritz Crisler of Michigan. His proposal came on the heels of a new flare-up of the controversy over the NCAA's controlled-television program.

Crisler's plan: Divide the nation into eight districts. Let the colleges in each district select one of their own games for televising within the district each Saturday.

"We're going to have to live with television from now on, Crisler said. "I think we should give television a chance."

"I think we can do it better if we split the program up into eight districts (the already-established National Collegiate Athletic Association's eight districts) and not go across district lines."

Currently the NCAA restricts its program to a single game televised nationally each Saturday.

Controversy over this program flamed anew Sunday when Athletic Director Fran Murray of the University of Pennsylvania, a proponent of unrestricted television, debated the issue on a nationally televised program with Bob Hall, Hall is chairman of the NCAA's television committee.

Athletic Director Moose Krause of Notre Dame, who like Crisler was attending Tuesday's meeting of the Michigan Football Writers Association, also recommended that the NCAA loosen up its restriction plan. Krause wanted four games in each of six areas every Saturday.

WHICH WAY WILL HE GO?—It's ten to one he went the other way. Ted King, Lincoln High halfback, begins one of the typical feints which were his stock in trade this season in averaging well over seven yards per carry against the state's best prep competition. (Star Photo.)

## More Offensive Polish, Strong Defense Are NWU Objectives

**N**EBASKA Wesleyan University coaches sought to add lustre to their offensive attack and strength to the defensive unit as the Plainsmen drilled Tuesday in preparation for Saturday's contest with Southwest Missouri State college at Springfield.

Coach Roy Robertson ran his charges through light sessions Monday and Tuesday and said the schedule would be the same for Wednesday and Thursday practices.

"The conditioning period is completely over, Robertson said Tuesday. "We won't risk any serious practice injuries this week. Our offense has reached its peak and the defense has improved steadily in recent weeks. There's little that coaching can do in these next few days but to keep the boys relaxed and in the proper frame of mind for our final game."

There was spirit and no sign of a letdown in the Wesleyan camp after Friday's 40-13 trouncing of Midland college.

"The boys really want to win this last one," Assistant Coach Marvin "Preacher" Franklin said. "They want to stay ahead in the seasonal won-loss ranks and they want to keep that four-game winning streak alive."

The Plainsmen dropped four games in a row after opening with an impressive 27-19 victory over a veteran Buena Vista of Storm Lake, Ia. club. The club came to life four weeks ago and regressed successive wins over Doane, Kearney and Hastings—all top-rated Nebraska College Conference clubs—before drubbing Midland Friday night.

Robertson gave his charges their annual weekly scouting report on the Bears Tuesday afternoon.

"SMS will be as tough as any club you've faced this season," he warned the Plainsmen. "Don't let their losing streak fool you. They've got talent and power and more depth than we have. They'll push you out of the park unless you play sixty minutes of hard, clean, aggressive football."

Robertson had his number one backfield unit of Marv Macy, Wes Hultquist, Glenn Reed and Sanford Nelson, operating together for the first time in three weeks Monday and Tuesday.

He said the regular offensive quartet should be ready to run at full strength against the Bears.

**J**OHNNY BORDOGNA'S emergence as a "thousand-yard man" after eight games has been vastly important as has the triumphant return of All-America Bobby Reynolds and the consistent, bruising fullbacks of George Cifra and Ray Novak.

You can point to the tight end play of Dennis Emanuel and Bill Schabacker, the pulverizing tackle performance of Ed Husmann and Jerry Minnick or the accurate linebacking of Verl Scott and Carl Brasse. All have proved human shoals at times on which the enemy has grounded.

The offensive line, although not as consistent, has arisen to some peak performances. Guard Kay Curtis played his best game as a Husker at Lawrence.

Praises for these heroes have been sung. If there is an unsung hero in the lot, you need not turn further than Don Boll, the aroused 250-pound senior guard on the defensive platoon.

Mr. Boll, who never played high school football, is going on every All-Big Seven ballot that we're asked to fill out.

Improving slowly and surely since his sophomore year, Boll has arisen in crescendo to where you'll have to produce a stouter guard in the midlands. His savage tackles of Bob Brandeberry Saturday twice forced the All-Big Seven halfback to fumble.

At times this season, we've seen Boll's sheer power bowl over the opposing center and the T-quarterback behind him.

He's been a power in mid-line and he's been consistent. He has dealt all opposing blockers a punishing afternoon and, best of all, he's showing with each outing a more intense desire to smash someone to terra firma.

Now that his appetite for the best in rugged football combat has been whetted and he's learned to use his massive frame, Boll should be a line prize for the pros.

As of now, kindly remove Mr. Boll from the roles of unsung heroes.

## Jesse James Jerry Helps Verne Gagne Overcome Bob Orton In Grudge Match

**M**r. Robert (Piledriver) Orton, the Kansas City grapple expert, was the victim of that Jesse James of the rattle ring—Referee Jerry Adam at the Fairgrounds arena Tuesday night and the result was worse than the Great Missouri Raid.

In his billed grudge-battle with Verne Gagne, Orton pinned the ex-Minnesotan in 26:25.

**Honey Creek Nips Alvo, 22-21, In Apple Bowl**

**L**INCOLN STAR SPECIAL

NEBRASKA CITY — Orlin Bernhardt, 180-pound Honey Creek halfback, ran back an intercepted pass 68 yards for the deciding touchdown as the Salem team defeated Alvo, 22-21, in the seventh annual Apple Bowl six-man football classic.

Alvo spotted the Honey Creekers a 10-0 lead before sweeping back for three straight touchdowns. Less than five minutes remained in the game when Bernhardt scored the winning touchdown.

**Overhauling THE NEWS**

By WALLY DeBROWN

A quick gridiron check-up indicates that undefeated football teams are thinning out like an old grad's pompadour. A few top teams have come through with nothing worse than a bad scare, but the country's playing fields are littered with the lost hopes of many a club that started out like a five alarm fire.

It's a lot easier winning games in newspapers and magazines before the season begins than it is after the opposition starts leveling the boom. It's tough for any team to be keyed up to win every week... but if you can't stay up somebody slams the door and you're out in the cold. Again.

I hear that horseshoe pitching is now being scientifically taught as a regular course at the University of Iowa. The grades in the course are strictly a toss-up. ## Second Consecutive Grid Title Result Of 'Fine Team Play,' Declares Pfeiff

BY WAYNE PANTER  
Star Sports Staff Member

"An opportunist ball club, one that made its breaks as it went along and capitalized on them to win games."

Thus Coach Bill Pfeiff describes his 1952 Lincoln High School football team—a star-studded grid crew undefeated in two seasons of the toughest competition the state has to offer and owner of two consecutive mythical grid championships.

The Links hold victories over teams currently ranked second, third, fourth and fifth in the state, teams which were better than they were last year. In rolling over eight Nebraska teams and one from Iowa, Lincoln chalked up a total of 230 points to its opponents' 58.

Not since the early 1940s has a Red and Black team posted a comparable record. Coach Ralph Beechner's teams, undefeated in state competition, claimed the state crown in 1941 and '42 and shared it with Omaha South in 1943 after losing, 19-13, to the Packers.

"The wins this season have been, without exception, the result of fine team play. Every man on the squad is deserving of credit. These boys overcame nine teams whose prime objective was that of upsetting the defending champion," declares Pfeiff.

If any players can be credited with having contributed most to the Links' success, the honors would probably have to be distributed among three fine backs—Halfbacks Ted King and Don Erway and Fullback Dick McWilliams—and a pair of outstanding linemen—Ends LeRoy Buthrus and Bob Barnett.

Unofficial eight-game statistics (not included are those on the opener at Omaha Central, where heavy rainfall and a lack of shelter made it impossible to keep them) show that King and McWilliams shouldered the bulk of the ball carrying duties, either one or the other logging on 62 per cent of the rushes.

They made an unbeatable combination. Mac served as

blocking back to spring King loose on fantastic exhibitions of broken-field running in which he hung up a total of 778 rushing yards on 104 carries, an average of 7.48 yards each time he toted the leather.

And Ted was decoy while Mac crashed down the middle to pile up 457 yards on 98 carries for an average of 4.66 per try. McWilliams was the team's leading scorer with 70 points on nine touchdowns and 16 conversions via plunges; King was close on his heels with 66 points, all on touchdowns which terminated runs ranging in length from 27 to 68 yards on rushes and from 52 to 88 yards on pass interceptions and punt returns.

Also prominent among the leather-luggers were Erway (6.85 yards per carry on 48 rushes), Jack Curtis (6.48 yards per carry on 25 rushes) and Ron Johnson (4.6 yards per carry on 23 rushes). But Erway glittered most as a passer. His eight-game record shows 14 completions in 31 attempts, with but one pass intercepted. Erway—thrown footballs were caught for a net gain of 321 of the 452 yards Lincoln recorded on passes and five were good for touchdowns.

While both ends were tops as pass receivers—Buthrus caught two for touchdowns while Barnett nabbed four—their long suit was blocking punts. On six occasions punts were blocked, with touchdowns twice coming as a direct result. At other times punts were partially blocked or the punters hurried into getting off a poor kick.

In other defensive phases of the game, Erway and King were foremost in carrying out the "opportunist" theme. Erway returned four intercepted passes 107 yards, once for a TD; King brought back three punned aeries 152 yards for two touchdowns and got two more six-punters while returning 10 punts a total of 343 yards.

The Links opened this season with a rash of lettermen but few regulars from the previous year's championship squad. McWilliams and King in the backfield and Barnett and Buthrus in the line

were the only remaining starters after Don Sladek, a blocking back, quit school and Guard Jack Scanlon was forced to abandon football after a recurrence of an old injury in pre-season practice.

Loss of Dick Dinges, a starting tackle, in mid-season was still another obstacle to overcome, but Line Coach Eddie Schwartzkopf built up a wall which included such rugged and aggressive personnel as Center Jerry Gilbert, Guards Larry Kimmel and Bill Greiner and Dean Stoneman and Dick Skold at tackles.

With capable reserve talent—not infrequently called upon—in the persons of Tackles Bob Ford and Eldon Wilfang, Guard Sam Zelen, Centers Mike Edwards and Gary Jorgensen, and Ends Sam Ellis and Dick Giebelhaus, Lincoln was able to outrush its opponents 1,899 yards to 869, an average of 237.3 to 108.6 over the final eight games.

And in the backfield, Russ Neilsen, Bob Lamphere, Jack Leikam and Mickey Mattern added their talents to those of McWilliams, King, Erway, Curtis and Johnson to send the Links through the season with a team average of 5.77 yards per carry.

While graduation next spring will sweep away almost the entire squad, neither Pfeiff nor Schwartzkopf is discouraged with prospects.

Mattern and Curtis will return to form a backfield nucleus, and Dick Giebelhaus is a start toward a line. With Reserve Coach Harold Scott turning over a group of sophomores and juniors thoroughly drilled in the Pfeiff system, you can count on a team that will be just as determined as its predecessor to protect the heritage left to it.

The Links' season record:

Lincoln	Opponent
6	Omaha Central 0
27	West Waterloo, Ia. 6
45	Beatrice 13
33	Northeast 0
13	Scottsbluff 7
13	Omaha North 6
34	Omaha South 6
20	Alliance 0
39	Grand Island 20

## Bobcats Keep Perfect Slate; Hit Augustana

NORTH PLATTE, Neb. (AP)—Undeclared Peru, Neb., Teachers Tuesday manufactured a fourth period touchdown to win 27-21 over Augustana College of Sioux Falls, S.D., after trailing the Dakotas on three different occasions.

Sparked by the 80- and 61-yard runs of Dennis Erie, who scored all three touchdowns, Augustana held a 21-14 lead at the half, but was kept on the defensive most of the second half by the Bobcats.

The winning touchdown was a 1½ yard quarterback sneak by Peru's Marvin Sackett on the third play of the fourth period.

Erie raced 80 yards to score on the first play from scrimmage and Ray Billie kicked the first of three conversions. Peru tied it up on a 65-yard pass play from Ned Eckman to Bill Allen with Eckman's extra point kick thrown in.

Later in the same period Erie plunged three yards to score and Billie converted again.

Allen scored for Peru from the 29 in the second period to knot the score and in a few minutes Erie raced 81 yards to score. Billie converted.

Peru scored: 7 7 7 6-27  
Augustana scoring: Touchdowns—Allen 2, Eckman, Sackett. Conversions—Eckman 2, Lindell.  
Augustana scoring: Touchdowns—Erie 3. Conversions—Billie 3.

## Commission Advances Plans To Delay Deer Hunting Season In State

The Nebraska game commission said Tuesday that "arrangements have been made for a possible postponement" of the deer hunting season in Nebraska because of the continuing drought.

The commission said it has refrained from mailing any deer permits until "a complete analysis of the fire potential in the open deer area is completed."

Postponement of the deer hunting season is the first choice of the game commission in the event the drought continues. The commission said a cancellation would be the last alternative.

"However, if cancellation is eventually necessary," the commission added, "all money will be returned to the successful applicants who would be eligible to apply for permits during the next deer season whenever it may be held."

The commission said the state's pheasant and quail hunting seasons, now underway, "will continue as scheduled with no possibility of cancellation."

## Prep Grid Star Of Week Honor To Pioneers' Del Stollenberg

RAZZLE-DAZZLE ball-carrying and sparkling defensive work against the Auburn Bulldogs Friday night earned Nebraska City's Del Stollenberg the Lincoln Star's "Star of the Week" honors.

While the Pioneers were rolling to their first undefeated season since the early 1900's, it was Half-back Stollenberg furnishing most of the fireworks. Stollenberg gave a preview of things to come early in the first quarter when he took a handoff and put on a bit of nifty broken field running for 15-yards to score the Pioneers first touchdown.

Before the evening was over, Stollenberg had also darted 42 and 30 yards from scrimmage to score.

Other prep stars:  
Don Miller, Columbus—Ran opening kickoff against Ord back 92 yards to score and then added touchdown jumps of 30 and 15 yards in the first quarter.  
Glenn Hoy, College View—Blocked an Ashland punt on the 7-yard line that enabled the Viewmen to score and beat Ashland 18-13.

Ted King, Lincoln High—Ran season's scoring to 66 points after tailing three times against Grand Island on runs of 30, 36 and 27 yards.  
Morie Nickman, Piasanton—Tallied four touchdowns and turned in great defensive job as Piasanton defeated Oconto 33-29.

Hill Mitchell and Jack Dietz, Allen—Touchdown combination covered 40 yards as Allen nipped Wakefield 6-0.  
Jim Vencill, Kimball—Scored four touchdowns and six extra points as Kimball routed Minutemen 45-0.

Pete Kuennig, Syracuse—Ran second half kickoff back 85 yards to score and added two more in leading Syracuse past Wilber, 21-6.  
Roy Kassebaum, Deshler—Defensive stand-out in Deshler's loss to Barnston, 7-0.  
Ronald Hawthorne, Palmer—Scored four touchdowns from his end position as Palmer stomped Pannoch, 43-19.

Harry Meyer and Jim Colburn, Sutherland—Offensive and defensive standouts in Sutherland's 47-6 triumph over Elsie.  
Rick Gibson and Jim Stacey, Weeping Water—Brilliant playbacks enabled Weeping Water to upset Omaha St. Joseph, 61-0.  
Sun Bowl, El Paso, Tex.  
Salad Bowl, Phoenix, Ariz.

Wilbur C. Johns, athletic director of UCLA, and chairman of the NCAA committee on extra events, announced through NCAA headquarters that his committee has certified the following bowl games:  
Orange Bowl, Miami, Fla.  
Gator Bowl, Jacksonville, Fla.  
Rose Bowl, Pasadena, Cal.  
Tangerine Bowl, Orlando, Fla.  
Suzar Bowl, New Orleans.  
Cotton Bowl, Dallas, Tex.  
Sun Bowl, El Paso, Tex.  
Salad Bowl, Phoenix, Ariz.

Ed Humsman, senior tackle from Ogallala, will serve as game captain Saturday.

Quarterback John Bordogna became the second Husker back in modern history to eclipse the 1,000-yard mark in a single season.

Bordogna, who now ranks 21st nationally in total offense, has gained 495 yards rushing and 528 passing for a grand total of 1,023.

The only other Husker in modern times to go over the 1,000 mark was Bobby Reynolds, who accumulated 1,348 yards in nine games in 1950.

## Husker Record Due To Ball Possession

## Glassford Stresses Ball Control Value

By NORRIS ANDERSON  
Sports Editor, The Star

BALL control will be an important factor Saturday when the Nebraska Cornhuskers face Minnesota at Memorial Stadium.

So Coach J. William Glassford sent his squad through a scrimmage Tuesday with emphasis on offense.

Scout Bob Faris, who watched the Gophers upset Illinois and the Purdue, has warned that Minnesota will present the most diversified defense the Huskers have seen.

That means the Huskers to upset the foe, already established as a one-touchdown favorite, will need ball control to go with their stout defense.

Nebraska has run 602 offensive plays to 475 for opponents in compiling a surprising 5-2-1 record. Only Penn State, conqueror by 10-0 over the Huskers, and Kansas, a 14-13 victim, have been able to hold the ball longer than Glassford's crew.

Kansas had a 72-59 edge on offensive plays; Penn State, 71-67. Only Penn State, however, was able to outgain the Huskers. Nebraska had a margin of 180 to 130 on the ground, but were outpassed 100 to 45.

Ed Humsman, senior tackle from Ogallala, will serve as game captain Saturday.

Quarterback John Bordogna became the second Husker back in modern history to eclipse the 1,000-yard mark in a single season.

# Security Precautions Being Taken To Safeguard Ike In Korea

## No Definite Date Yet Set For His Trip

AUGUSTA, Ga. (AP)—Extensive security precautions are being set up to safeguard President-elect Eisenhower against any enemy attack when he visits Korea—and on the way there and back.

Eisenhower's press secretary, James C. Hagerty, told a news conference Tuesday he hoped to be able to make public by the end of the week "some information" about the forthcoming trip.

But it was clear that the information will be most sparse—for security reasons.

Asked about published reports that the general probably will spend Thanksgiving Day in Korea with front-line American troops, Hagerty replied:

"As we have said repeatedly, no date has been set for the Korean trip. The time just has not been decided."

Arrangements Necessary  
It was learned, meanwhile, that any information Hagerty gives out this week probably will deal only with arrangements newsmen need to make regarding passports, accreditation to the Defense Department and clearance with the Far East Command.

There were indications there may be no advance official announcement of the date Eisenhower will leave for Korea—or anything on how he will travel.

And the secrecy will be tight regarding his exact whereabouts once he arrives in Korea.

There will be no advance word, either, on how long he plans to remain in that war-torn country. Eisenhower promised during the campaign that if elected he would go to Korea in an effort to find a way to end the conflict there.

Every precaution is being taken to keep the Communist enemy in Korea guessing.

There has been speculation that the general would leave for Korea a few days after he meets at the White House with President Truman early next week for discussion of international and domestic problems.

GOP Sen. Alexander Wiley of Wisconsin said in New York Tuesday, however, that Eisenhower had made a date to see him there two weeks hence for a conference on U. S. foreign policy.

That appeared to indicate that Eisenhower might not get started

## McCabe Piano And Organ Company Opens New Second Floor Of Store

The opening of the second floor department of the McCabe Piano and Organ Company marks the completion of construction and occupancy of the new Varsity Building at 13th and P.

The company, which occupies the first floor corner space and basement, will have over half of the second floor area of the building. Studio and classrooms make up the floor, with a larger corner recital room with 250 people seating capacity. The recital room includes a stage and all facilities for recitals and musicals.

The latest acoustical material was used in construction, the company officials report, and the entire space is air conditioned. The

for Korea until late in the month at the earliest.

Not Worried, Carlson Says  
SALINA, Kan. (AP)—Sen. Frank Carlson (R-Kan.) said Tuesday President-elect Eisenhower was not worried about the risks involved in a trip to Korea for a personal look at the war situation.

"While many of us are concerned about his safety, he is not worried," Carlson told the Lions Club. "He has risked his life before doing his duty and is not afraid to do so again."

Carlson, a campaign adviser of Eisenhower, said he made up his mind to go to Korea long before he announced his decision.

## Bankers Favor Limited U.S. Spending

In approving a group of resolutions, members of the Nebraska Bankers Association have gone on record in favor of limited governmental expenditures and the application of federal income tax laws to all corporations, associations, co-operatives and organizations except those organized solely for charitable purposes.

The Association also asked for corrective legislation to relieve banks "from the encroachment of government competition through direct extension of credit where no need for such service exists and where local credit is available, resulting further in additional governmental spending and wasteful duplication."

"In calling for limited expenditures, the group urged Congressional representatives to balance the federal budget."

Another resolution adopted called for federal regulation and control of holding companies.

Continued Support  
Also approved was a resolution commending the services of the Nebraska Conservation Foundation and urging continued Association support of the organization.

At their 55th annual convention, the bankers elected W. F. Wenke state president. Wenke, president and cashier of the Pender State Bank, succeeds William N. Mitten of Fremont.

Elected vice president was W. H. Munger, president of the First National Bank of North Platte. James H. Moore, vice president of the Omaha National Bank, was re-elected treasurer.

The Association retained Carl G. Swanson of Omaha as their permanent secretary.

Mitten, president of the First National Bank of Fremont, was named as the Nebraska representative on the nominating committee for the American Bankers Association. Mitten's alternate is L. R. Gillett, president of the National Bank of Norfolk.

Other elections were:  
E. M. Black of Fullerton, member of the executive board representing Group 11.

Burnham Yates of Lincoln, member of the executive council representing Lincoln.

Edward W. Lyman of Omaha, member of the executive council representing Omaha.

The state Association was presented a trophy from Vernon L. Clark, national chairman of the Treasury Department's defense bond program, for showing the greatest increase in the sale of bonds in September, 1952, over the same month last year.

The main convention speaker,

WENKE HEADS NEBRASKA BANKERS—W. F. Wenke of Pender was elected president of the Nebraska Bankers Association at the annual convention here. Shown are (left to right) William N. Mitten, Fremont, retiring president; W. Harold Brenton, Des Moines, president of the American Bankers Association; Wenke, and W. H. Munger, North Platte, vice president. (Star Photo.)

W. Harold Brenton of Des Moines, importance of a thorough understanding, president of the American standing by all banking officials Bankers Association, stressed the of the nation's economic basis.

# 'Trucks Big Factor In Highway Work'

## Collapse Of 3 Bridges Is Related

"Truck transportation is the greatest single factor influencing the design, construction and maintenance of highways," State Engineer Harold L. Aitken told a regional meeting of the American Society of Civil Engineers at Kansas City, Mo., Tuesday night.

The Nebraska engineer told how engineers design bridges based on truck loads they will have to support. He told of three Nebraska highway bridges that collapsed in one week due to trucks carrying heavier loads than the older bridges had been designed to carry.

Foundation courses now have to be built under concrete paving, he pointed out, to eliminate excessive deterioration due to subgrade displacement caused by the weight of heavy trucks. Passenger cars do not cause this deflection, he said.

In the flat middlewest, grades are no particular obstacle to the operation of passenger cars, the engineers were told, but hills do hinder the large trucks in continuing operations at reasonable speeds.

Aitken recalled that on Dec. 10, 1951, traffic on West Dodge street in Omaha was snarled because trucks were stalled all over the highway due to inability to negotiate the hills which passenger cars could have easily operated despite the grades.

Maintenance engineers are reminded daily by their high costs that too conservative design and construction engineers in not spending enough in the past to build to meet present conditions are responsible for the high cost of today's maintenance.

Aitken supplemented his talk

## October State Warrants Amount To \$9,492,796

The state auditor reported the issuance of 34,241 warrants for a total of \$9,492,796 during the month of October. Of this \$9,188,644 was from current funds and \$304,151 from trust funds.

General fund expenditures amounted to \$2,082,319 and highway funds \$3,482,302. Gasoline tax refunds to farmers amounted to \$218,008 and required the writing of 5,786 warrants. This was more than was necessary from any other fund, the highway expenditures requiring the writing of only 5,694 warrants.

## WRC Officers Are Guests At Luncheon

The Woman's Relief Corps' department president and secretary, Nelle Goodwin and Mrs. Maude B. Keck, were guests of the Belknap Corps at its luncheon meeting.

Mrs. Alta Slonecker was appointed department field officer for the remainder of the year to replace Lola Phipps of Boomer Corps No. 151 who is moving to California. Mrs. Slonecker was installed by Mrs. Keck and Belknap Corps officers.

Slides to show factual data on truck regulation, use and actual weights of various types of vehicles operating in Nebraska and recently weighed by the Nebraska Safety Patrol.

The design engineers need to know now what loads the bridges and pavements they are building will have to carry during their lifetime of service, Aitken said.

Load limits in Nebraska have been constantly increased by legislative action since many of the highways were built.

## Plead Guilty To Auto Theft Charge

Two Air Force men, stationed at Offutt Field in Omaha, pleaded guilty in District Court to an auto theft charge.

Judge John L. Polk ordered them held pending investigation by the Adult Probation Officer, George H. Meyer.

Paul W. Corson, 18, Niagara Falls, N. Y., and Richard M. Hes-ton, 18, Saginaw, Mich., admitted stealing a car in Lincoln on Nov. 5. They were arrested in Eureka, Kan.

Both were in civilian clothes at the time of the theft.

## Woman Pleads Guilty To \$175 Check Charge

Mary Ruth Campbell, 22, who gave her home address as Peoria, Ill., pleaded guilty in District Court to a charge of issuing a check with intent to defraud.

Judge John L. Polk ordered her held in the County Jail pending investigation by Adult Probation Officer George H. Meyer.

The woman pleaded guilty to the charge of issuing a \$175 check on a Waverly bank to a Lincoln department store on Aug. 18 without having funds to cover the check's payment.

# Vehicle Tax Discussion Is Planned

Interested groups have been called to meet at the Capitol on Nov. 20 to discuss proposed legislation on establishment of a new and different motor vehicle tax to replace the present law as made possible by the recently passed Constitutional amendment.

The meeting is called by Sens. Earl J. Lee, Fremont, and Richard D. Marvel, officers of the "Ne-braskans for the Six Constitutional Amendments."

"The purpose of the meeting will be to determine attitudes and thinking of different groups, so that members of the Legislature can have the benefit of the diversified thinking and opinion," was announced in pointing out that, "As a committee, we will make no findings or recommendations."

Among those invited to give opinions on the type and amount of tax and other related subjects are:

Otto Ruff, superintendent of schools, Scotts-bluff.

Dr. Leo Black, assistant superintendent of

public instruction.

Phillip K. Johnson, state tax commissioner.

Owen Boyles, Motor Vehicle Department.

Carl Berg, county treasurer.

Leo Schmidt, county treasurer.

Charles Marshall, Nebraska Farm Bureau Federation.

Willard Wilson, Nebraska Petroleum Industries.

Hierb Hahn, Nebraska Petroleum Marketers, Inc.

**Corps Of Engineers Office Moved Here**

An Army Corps of Engineers area office has been moved from Omaha's Offutt Field to the Lincoln Air Base.

The new office, with Earl Fialo in charge and Maj. Robert Ednie as assistant, will supervise construction work at the Lincoln base, Offutt Field and the Nebraska Ordnance Plant at Mead.

Thirty-one persons are assigned to the office, 25 of whom are in Lincoln. Fialo estimated the staff will total 40 as construction and rehabilitation work reaches a peak here.
